On September 23, 2025 the CED has advised that approval has been obtained from Cabinet to engage the ASYCUDA vendor process, and the MTTI is awaiting a schedule from CED for completing the integration with the PCS. Deliverable 6 expected to be paid in Fiscal 2026 Delays in Deliverable 7: The Maritime Transport Module underwent multiple rounds of feedback from five agencies. Demonstrations of the existing module on TTBizLink were provided to the Consultant, along with clarifications on the features expected in the PCS Maritime Module to inform development. The module has undergone internal testing by the MTTI and training is being scheduled. Deliverable 7 expected to be paid in Fiscal 2026
052 Green Manufacturing Programme	For this project, the Implementation of a Green Manufacturing Programme (GMI), cabinet approval was given for the GMI on September 28th, 2023, along with legislative amendments to three existing fiscal incentives to support the use of renewable energy and energy efficiency in Trinidad and Tobago. The draft bill to effect these amendments is currently before the Legislative Review Committee and upon finalization of same, the GMI will be launched. Therefore, for Fiscal 2025 there was no expenditure for the GMI.

SECTION D - NOTES TO THE ACCOUNTS

NOTE 1: Explanations for the causes of material variances between the Estimates and the Actual Expenditure.

01 Personnel Expenditure

In addition to vacant Civil Service posts without bodies, most of the positions on the Ministry's Establishment that fall under the remit of the Salaries Review Commission remained vacant or were not filled during Fiscal 2025.

02 Goods and Services

Given the economic strictures faced by the country and government, expenditure was suppressed to the extent that the operations of the Ministry and the Overseas Missions of the Republic of Trinidad and Tobago were not critically affected.

09 Development Programme

Given the economic strictures faced by the country and government, the projects were reviewed and activity suppressed or deferred pending further review.

NOTE 6 : Details and the explanantion for any discrepancies between Comptroller of Accounts Balances and the Appropriation Account.

The 2025 EOT Appropriation Expenditure is $5,826,464.72. Included in the amount is $2351.31 relating to fleet cards for financial year ending 30.09.2024. If this amount is deducted from 2025 expenditure, the true expenditure for 2025 should be $5,824,113.41. The COA total expenditure is $5,803,005.31. The difference in expenditure between COA and EOT should be ($5,830,005.31 - $5824,113.41 = **$5,891.90**.) -Total fleet cards of COA records for 2025 = $7015.64 -Total fleet cards received by EOT for 2025 is $5552.46 -Total fleet cards not received by EOT from COA = $1463.18 ($7015.64 - $5552.46) -Fleet cards for 2025 taken up by EOT is $1123.74 -Fleet cards not yet taken up by EOT is ($5552.46 - $1123.74=$4428.72) Balance of fleet cards O/S by EOT ($4428.72+$1463.18=**$5891.90**.

NOTE 7 : TOTAL VALUE ($) OF UNPRESENTED CHEQUES AS AT SEPTEMBER 30, 2025

$897,077.23

CERTIFICATE

I hereby certify that the Appropriation Account for the financial year ended September 30,2025 submitted in accordance with Section 24 (1) (b) of the Exchequer and Audit Act Chapter 69:01, as amended by Act No.23 of 1998, has been reconciled with the records of the Comptroller of Accounts as reflected on the Comptroller of Accounts (Paymaster's) Schedule of Receipts and Payments and any discrepancies have been identified and explained as a note to the accounts.

IDF Projects Report – FY 25

Created by: Court Planning Unit, Department of Court Administration – Judiciary

Last Updated: 29 Oct 2025

IDF BRIEF ON PROJECTS:

001. Supreme Court Building in San Fernando

This project was initiated to upgrade and refurbish the Supreme Court Building in San Fernando which has passed its design life for some of the MEP and structural elements. The upgraded and refurbished building will enable JoRTT to install new ICT technology for continued AJIPAA rollout and will enable the court building to meet OSH standards. The refurbished building will also allow for ICT redundancy, which is essential, especially given that the Judiciary is operating in a hybrid manner. These works will facilitate access to justice for customers seeking service in the Civil and Criminal jurisdiction in south Trinidad. The above upgrades are being executed by UDeCOTT via two major contracts which are:

- Provision of MEP Consultancy Services, awarded to Welch, Morris & Associates Ltd at a cost of $376,875.00 VI. These works have been completed and;
- The Civil, Architectural, Mechanical, Electrical, and Plumbing (MEP) contract, valued at TT $8,244,313.10 (VAT inclusive), was awarded to SAS Marketing and General Contractors Limited in 2023. The contract was subsequently terminated by UDeCOTT in July 2025. UDeCOTT has commenced the re-tendering procedure for this contractual engagement. The revised scope of work includes additional activities required to achieve the full upgrade of the court, excluding the supply of new furniture. The completion of these works is contingent upon the availability of funding, anticipated to be provided through either the Ministry of Justice or the Judiciary, thereby enabling UDeCOTT to execute the works during FY 2026/2027 following completion of the procurement process. The target for FY 2026 is to complete the tendering process for these works.
- Information and Communication Technology Upgrade, awarded to Digi Data Systems Limited at a cost of TT$2,30,844.38 VI.

003. Port of Spain District Court

This project was initiated to refurbish the Port of Spain District Court which is the headquarters of the Magistracy and addresses over 30% of the case load coming to the Magistracy. Major elements of the building structure require upgrade to ensure OSH compliance inclusive of the upgrade of major MEP systems. Additionally, the work will allow JoRTT to install new ICT technology in courtrooms to increase access to justice and efficiency. The above upgrades are being executed by UDeCOTT via two major contracts which are:

- Design Build Services for Upgrade, Refurbishment and Renovation work for the Port of Spain Court of Trinidad North Division of the Magistracy: "Mechanical and Electrical Works", awarded to FIDES Limited at a cost of TT $5,078,046.09 VE (variations outside of contract sum will be finalized in FY26)
- Design Build Services for Upgrade, Refurbishment and Renovation work for the Port of Spain Court of Trinidad North Division of the Magistracy: "Builders works", awarded to SAS Marketing and General Contractors Limited at a cost of TT $4,648,552.00 VE (variations outside of contract sum will be finalized in FY26)

005. Tower D

This project was initiated to facilitate the transfer of operations of the Civil High Court from the Hall of Justice to make room for the anticipated increase in criminal matters at the High Court, occasioned by the proclamation of the Administration of Justice (Indictable Proceedings) Act 2011, as amended (AJIPA) which abolished preliminary inquiries (previously handled at Magistrates

Courts) and made way for indictable complaints to be heard at the Criminal High Court. The civil high court thus needed a new home, Tower D, which is also a home for the Court Administration. This building is substantially completed, and a few outfitting items of work are being perused.

QUESTION 6:

6(i). **Projects which were implemented in-house:** All upgrade works related to Judiciary's IDF Projects are being executed by UDeCOTT.

No release requests were made before July 2025, leading the Ministry of Finance to assume lower expenditure and reduce the allocation.	Works were scheduled for completion in September 2025; however, the contractor's termination during the fiscal year resulted in progress remaining at 30%. A new contractor and additional funding will be required to complete the project.

Project Vote Number	Name of Project	Original Estimate For FY25	Revised Estimate For FY25 (yellow book)	Actual Costs	7(i) Reasons for cost variance between Actual Costs and Original Estimates	7(ii) Reasons for cost variance between Actual Costs and Revised Estimates	7(iii) Reason for change in budgetary Allocation	7(iv) Reason for variance between actual delivery and budgeted milestone

No release requests were made before July 2025, leading the Ministry of Finance to assume lower expenditure and reduce the allocation.	Completion of works were delayed due to logistical issues.

***IDF-001 - Restoration of San Fernando Supreme Building**

- See responses to 7 (i), (ii), (iii) and (iv) in table above

- 7(v) Risk and other issues that arose during implementation and how they were managed

Risk / Issues arising during Execution – IDF001	**Mitigation Measures / Management IDF001**
Contractor progressed slowly	The Judiciary raised concerns with UDeCOTT both directly and during progress meetings with the contractor. In response, UDeCOTT met with the contractor and issued a formal notice. Subsequently, UDeCOTT terminated the contractor and is preparing new documents for re-tendering.
Unforeseen dependency works that were not in the original scope	Variation works were necessary to ensure the building is fully functional. UDeCOTT addressed variations that should have been included in the contractor's original scope, also the Judiciary identifying additional works needed for full functionality. The contractor was then requested to submit a price proposal, subject to UDeCOTT's approval. Funding for these works is required in FY 2026.

- 7(vi) Did the project meet the business need

The project is still in progress and thus the business need cannot yet be met.

****IDF-003 - Upgrade Refurbishment and Renovation of the Port of Spain Magistrate Court Building**

- See responses to 7(i), (ii), (iii) and (iv) in table above

- (v) Risk and other issues that arose during implementation and how they were managed

Risk / Issues arising during Execution – IDF003	**Mitigation Measures / Management IDF003**
Unforeseen dependency works arising that were not in the original scope	The variation works were identified, solutions were explored, and contractor was requested to submit price proposal, subject to UDeCOTT's acceptance and approval. Funding for the variation works were met under the contingency and where the cost exceeded available funds, Cabinet has to be approached for the extra funding.

- 7(vi) Did the project meet the business need

The project is still in progress and thus the business need cannot yet be met.

*****IDF -005- Outfitting of Tower D IWC to accommodate relocation of Civil High Court POS and the Civil Division of the Court of Appeal**

- See responses to 7 (i), (ii), (iii) and (iv) in table above

- 7(v) Risk and other issues that arose during implementation and how they were managed

Logistical issues caused delays in completing the signage contract. The scope was subsequently adjusted to allow the project to be finalized, and the project was closed.

- 7(vi) Did the project meet the business need

The project was initiated to house the Civil High Court and consolidate rentals of facilities for the accommodation of Court Administration. This has been achieved and greater collaboration within the Department of Administration has made been possible. Also, the space created at the Hall of Justice (HOJ) as a result of the relocation of the Civil High Court (which was previously housed at the Hall of Justice) has allowed for a significant increase in capacity for the Criminal High Court at the HOJ, a need which was born out of the proclamation of the Administration of Justice (Indictable Proceedings) (Amendment) Act (AJIPA).

Notes to the Financial Statements

Note 6

i. No project was implemented in house;
ii. Contracts were awarded for projects within the budgetary allocation;
iii. No project was funded by unspent balances;
iv. Projects were funded by external finance via Cabinet Minute 548 - Award of a mandate to RBC Royal Bank Ltd. to arrange and fully underwrite a rate term loan on behalf of MTS for School Construction and Repairs. To date **$114,084,209.69** has been paid to MTS under the said loan;
   - See attached copy of Cabinet Minute.
   - See attached copy of drawdowns to date on RBC Loan
v. No amounts were surrendered by the client Ministry to the Executing Agency;
vi. There were no claims for refundable deposits by NMTS from sub-contractors for projects.
See attached Schedule C for further details.

Note 7

i. The variance between actual costs and original estimates was the delayed submissions of invoices by our executing agency, NMTS. Furthermore, a portion of these invoices required payment through the loan facility from RBC Royal Bank (Trinidad and Tobago) Limited;
ii. The variance between actual cost and revised estimates was the delayed submissions of invoices by our executing agency, NMTS. Furthermore, a portion of these invoices required payment through the loan facility from RBC Royal Bank (Trinidad and Tobago) Limited;
iii. There were no changes in the overall budgetary allocation as no supplementary allocation was received.
iv. There was variance between actual delivery and budgetary milestones as our executing agency faced significant challenges in receiving necessary documentation from sub-contractors and subsequently delivering these invoices to the Ministry of Education

v. Several projects were delayed (placed in abeyance) due to two primary issues:-
1. The need to engage specialized engineering consultants in certain instances and
2. Delayed completion of works by subcontractors.
Regarding the latter issue, those subcontractors are currently being terminated, and new contractors will be engaged to complete the work.

vi. All projects met the original business need.

Cabinet No. .....

NOTE FOR CABINET

Award of Mandate to RBC Royal Bank (Trinidad and Tobago) Limited to arrange a Fixed Rate Term Loan in the amount of TT$250-Mn. on behalf of the National Maintenance Training and Security Company Limited for School Construction and Repairs

The matter for the consideration of Cabinet is the award of mandate to RBC Royal Bank (Trinidad and Tobago) Limited to arrange and fully underwrite a Fixed Rate Term Loan in the amount of TT$250-Mn. on behalf of the National Maintenance Training and Security Company Limited for school construction and repairs.

Background

2. Cabinet by **Minute No. 381 of February 27, 2025** agreed, *inter alia*, that the Ministry of Finance secure a Government Guaranteed borrowing in the amount of TT$250-Mn. for the National Maintenance Training and Security Company Limited for school construction and repairs.

3. Pursuant to Cabinet's decision above and in light of the urgency of the funding, the Ministry of Finance engaged RBC Royal Bank (Trinidad and Tobago) Limited to determine investment appetite and underwriting capacity to meet the funding need within the timeframe required. Based on feedback received, RBC Royal Bank (Trinidad and Tobago) Limited advised of their ability to provide a fully underwritten proposal by way of a Fixed Rate Term Loan with a tenor of seven (7) years.

4. Accordingly, RBC Royal Bank (Trinidad and Tobago) Limited furnished the Ministry of Finance with an indicative proposal on March 25, 2025, outlining the terms and conditions for a TT$250-Mn. Fixed Rate Term Loan. A summary of the indicative terms and conditions is set out hereunder and detailed at the **Appendix:**

RBC Royal Bank (Trinidad and Tobago) Limited - Fixed Rate Term Loan

Borrower	National Maintenance Training & Security Company Limited ("NMTS")
Lender	RBC Royal Bank (Trinidad & Tobago) Limited ("RBC")
Guarantor	The Government of the Republic of Trinidad and Tobago
Facility	TTD Fixed Rate Term Loan
Purpose	School construction and repairs
Facility Size	TT$250,000,000.00
Arrangement Basis	Fully underwritten
Interest Rate	Fixed at 5.15%
Day Count	30/360 days basis
Tenor	7 years

Repayment	Fully amortizing with principal and interest repayments every 6 months
Security	Deed of Guarantee from the Government of the Republic of Trinidad and Tobago in the sum of TT$250,000,000.00.
Conditions Precedent	The disbursement of the Loan will be subject to the fulfillment of the following conditions precedent: i. Letter of Guarantee followed by a Fully Executed Deed of Guarantee from the Government of the Republic of Trinidad and Tobago to be submitted before or on the date of disbursement of the funding. ii. The execution of a loan agreement.
Arrangement Fees	25 basis points of the Facility Size
Legal Fees	The legal expenses estimated at TT$72,000.00 exclusive of VAT and nominal disbursements.
Expenses	All reasonable expenses of the Lender until disbursement of the Facility, including, but not limited to Stamp Duty, Disbursement costs and expenses shall be for the Borrower's account and shall be paid on the closing of the transaction.
Governing Law	The laws of the Republic of Trinidad and Tobago

5. The terms and conditions were reviewed and analyzed by the Ministry of Finance; a summary of the total transaction cost is outlined below:

Details	Amount (TT$)
Effective Interest Rate	5.15%
Total Interest	$48,281,250.00
Total Fees	$ 706,000.00
Total Cost	**$48,987,250.00**

6. According to the Central Bank of Trinidad and Tobago's Standardized TTD Yield Curve for February 2025, a Central Government seven (7) year paper was priced at 5.23 percent. In this case, the coupon rate offered by RBC Royal Bank (Trinidad and Tobago) Limited of 5.15 percent is deemed favourable as it is priced 8 basis points below the curve.

7. In this regard, the Minister of Finance is of the view that RBC Royal Bank (Trinidad and Tobago) Limited be awarded the mandate to arrange and fully underwrite a Fixed Rate Term Loan in the amount of TT$250-Mn. on behalf of the National Maintenance Training and Security Company Limited for school construction and repairs.

Recommendation

8. Accordingly, the Minister of Finance recommends and Cabinet is asked to:

(a) agree that:

(i) RBC Royal Bank (Trinidad and Tobago) Limited be awarded the mandate to arrange and fully underwrite a Fixed Rate Term Loan in the amount of TT$250-Mn. on behalf of the National Maintenance Training and Security Company Limited for school construction and repairs on the terms and conditions outlined at paragraph four (4) and detailed at the **Appendix** of this Note;

(ii) the Minister of Finance be authorized to execute a Government Guarantee in favour of RBC Royal Bank (Trinidad and Tobago) Limited in respect of (i) above, on behalf of the Government of the Republic of Trinidad and Tobago, subject to positive vetting thereof by the Attorney General and Minister of Legal Affairs;

(iii) the Minister of Finance be authorized to issue a Letter of Guarantee in favour of RBC Royal Bank (Trinidad and Tobago) Limited, on behalf of the Government of the Republic of Trinidad and Tobago, in respect of (i) above, pending finalization of the Government Guarantee referenced at (ii) above; and

(iv) the Government of the Republic of Trinidad and Tobago may agree to guarantee the principal sum, interest and reasonable cost that become payable upon default of the Loan issue.

MINISTRY OF FINANCE

The terms and conditions outlined herein are for discussion purposes only. They are not intended to be; and shall not constitute or be construed in any way to represent a commitment by RBC Royal Bank (Trinidad & Tobago) Limited and/ or its affiliates to provide or arrange financing. The terms and conditions described in this non-binding discussion paper are not intended to cover all of the terms and conditions of a credit agreement and related security documents that may be negotiated in due course. In the event of any conflict between the terms and conditions summarized herein and the terms and conditions of any credit agreement or related security documents, the terms and conditions of the credit agreement or related security documents will govern.

NOTES TO THE STATEMENTS OF EXPENDITURE FOR THE FINANCIAL YEAR ENDING SEPTEMBER 30, 2025

Comptroller of Accounts Circular No. 15 of August 8, 2025

Paragraph 6

A brief description of the activities financed by the Fund:

Funds for (1) project were approved in the Estimates for the Financial Year ending **September 30, 2025**, as follows:

701/30/005/06/

F	**Public Buildings**	
005	**Cipriani College of Labour and Co-operative Studies –**	
	Upgrades to Physical Infrastructure	**$1,000,000.00**

In August 2023, CCLCS engaged the National Insurance Property Development Company Limited (NIPDEC) to undertake the following works:

- Building envelope repair;
- Supply and install three new air conditioning units for the library and replace of potable and fire water pump system.
- Refurbishment of classrooms
- Refurbishment of washrooms;
- Upgrade of the berm for flood mitigation.

The Contract sum for these activities is Four Million One Hundred and Eighty-One Thousand, Five Hundred and Twelve Dollars and Fifty Cents ($4,181,512.50) VAT inclusive.

In fiscal 2023, the sum of One Million Five Hundred and Thirty Thousand Dollars ($1,530,000 - Mobilisation) was made to NIPDEC for the commencement of these works. The installation of the air-condition units at the library and the replacement of the potable and fire water pump system were both completed in the Fiscal Year 2024.

In fiscal 2025, the project continued with the repair/refurbishment of the building envelope, classrooms and upgrade of the berm for flood mitigation, with the berm being completed. The Refurbishment of the West Wing Classrooms and the Building Envelope Repair projects had to be retendered due to insufficient responses from Contractors. Contracts were awarded late in the fiscal year, work has commenced and is currently ongoing and will be completed in fiscal 2026

Paragraph 7

A report on the activities associated with the implementation

Upgrades to the Physical Infrastructure:

Funds are released based on written requests from the College. These funds are made by Warrants for withdrawal from the Infrastructure Development Fund by the Ministry of Finance and are paid directly to NIPDEC.

In fiscal 2023, the College engaged NIPDEC to undertake works at its Valsayn Campus for refurbishment of the building envelope; replacement of potable and fire water pump system upgrade; new AC units for the library; refurbishment of classrooms and washrooms; and flood mitigation, with upgrade of the berm on the perimeter of the Campus, at a cost of $4,181,512.50 Vat Inclusive.

A mobilisation fee of One Million Five Hundred and Thirty Thousand Dollars ($1,530,000) was made to NIPDEC in fiscal 2023 for the commencement of these works. In fiscal 2024, Phase 3 of the Air Conditioning Upgrade project was completed, and payment was made in the sum of Three Hundred and Eighteen Thousand, Nine Hundred and Eighty-Nine Dollars ($318,989). The Potable and Fire water pump and Library AC units project was also completed.

In fiscal 2025, the sum of one million dollars ($1,000,000.00) was allocated for refurbishment of the building envelope; refurbishment of classrooms, refurbishment of washrooms and flood mitigation (upgrade of the berm on the Campus perimeter). Work continued on the repair/refurbishment of the building envelope and classrooms, and the upgrade of the berm was completed.

In April 2025, releases were received from the Ministry of Finance, and invoices totalling $62,810.63 were processed by the Ministry. Further to this, in September 2025, invoices totalling $549,444.93 were submitted by the College for works completed. Subsequently, a request for the release of funds was made to the Ministry of Finance, however, no approvals were received as of September 30, 2025, and therefore, the Ministry was unable to process said invoices, leaving them unpaid.

The Tenders received for the refurbishment of the washrooms were very high and well in excess of the original estimates. As a result, NIPDEC was requested to revise the scope of the project and invite Tenders again. The revision of the scope has been completed, and this project will be retendered in Fiscal 2026. The other activities associated with the Contract will continue in Fiscal 2026

NOTES TO THE STATEMENTS OF EXPENDITURE FOR THE FINANCIAL YEAR ENDING SEPTEMBER 30, 2025

Comptroller of Accounts Circular No. 15 of August 8, 2025

Paragraph 6

A brief description of the activities financed by the Fund

F	**Public Buildings**	
006	**Relocation of the Occupational Safety and Health Authority to St. Augustine**	**$2,100,000.00**

The relocation of staff from the Occupational Safety and Health (OSH) Authority's two (2) offices located at Duke Street and Alexandra Street, Port of Spain, into one accommodation at the Corner of Eastern Main Road and St. John Road, St. Augustine, entailed demolition, construction and outfitting works. The project was undertaken by the National Infrastructure Development Company (NIDCO), commencing in August 2023.

NIDCO provided the following services:

i. Project Development
ii. Procurement
iii. Design, Construction, Supervision; and
iv. Project Management.

NIDCO's initial project proposal in August 2023, amounted to $3,440,792.87. However, in May 2024, NIDCO submitted a revised financial proposal in which the project cost increased from $3,440.792.87 to $5,206,007.72. The building required appropriate reconfigurations, which included general construction, electrical works, installation of security systems, modification of washrooms, and internal design works.

The activities related to the relocation of the OSH Authority were commenced and continued to be implemented by NIDCO. As at September 30, 2024, payments were made to NIDCO for the first, second and third tranches, totalling $3,108,603.68.

In fiscal 2025, a total of Two Million, Ninety-Seven Thousand, Four Hundred and Four Dollars and Four Cents ($2,097,404.04) was paid for the completion of outfitting works and management fees to NIDCO. This amount represented payments for the 4th to the 7th tranches of the financial proposal.

Paragraph 7

A report on the activities associated with the implementation

In fiscal 2024, the Public Sector Investment Programme (PSIP), *Relocation of the Occupational Safety and Health Authority,* was divided into two (2) separate projects, given the nature and scope of the undertaking. As a result, the relocation of the Agency was executed under the following project Vote items:

1) *30/09/005/F/006 - Relocation and Upgrade of the Occupational Safety and Health Authority* (Consolidated Fund); and
2) *701/30/09/005/F/006 - Relocation of the Occupational Safety and Health Authority to St. Augustine* (Infrastructure Development Fund)

In relation to the *701/30/09/005/F/006 - Relocation of the Occupational Safety and Health Authority to St. Augustine* (Infrastructure Development Fund), to undertake the relocation exercise, the Agency engaged the National Infrastructure Development Company Limited (NIDCO) for the physical outfitting of the new office space. In keeping with projected deliverables, project execution activities proceeded on a phased basis.

Subsequent to NIDCO's initial project proposal in the amount of $3,440,792.87, additional works were required for the outfitting of the building. A revised financial proposal totalling $5,206,007.72 was submitted for an increase in provision. Payments were made to NIDCO based on the approved payment schedule for works and management fees in the amount of $1,802,346.89 (1st and 2nd tranches) and $1,306,256.79 (3rd tranche), respectively. The increase in project cost reflected an expanded scope of works, which included code violation rectification works, site security, installation of roller shades, modification and electrical infrastructure, and other infrastructure works.

To date, NIDCO has received all seven (7) payments outlined in its revised financial proposal, with the 4th to the 7th payments paid in fiscal 2025 (in the sum of $2,097,404.04). This sum comprised outfitting works ($1,903,592.55) and management fees ($193,811.49).

A total of Two Million, Ninety-Seven Thousand, Four Hundred and Four Dollars ($2,097,404.04) was expended under this project during fiscal 2024/2025.

This project has been completed at a total cost of $5,206,007.72.

Actual Expenditure	-	$ 2,407,946.00

Project No. 011: Dredging of Sea-Lots Main Channel and Turning Basin

Cabinet by Minute No. 1597 dated 5th June, 2014 agreed to the dredging of the Sea Lots Main Channel and Turning Basin (NIDCO) utilized by the Trinidad and Tobago National Petroleum Marketing Company Limited for the receipt and movement of product from the Pointe-a- Pierre Refinery and shipments to Tobago, at an estimated cost of US$7 Million.

The National Infrastructure Development Company (NIDCO) was engaged as the executing agency by the Ministry of Energy and Energy Industries (MEEI) on June 15th, 2015 to undertake the dredging of the Sea Lots Main Channel and Turning Basin. NIDCO awarded the contract for dredging works to Fides Ltd and work on the project commenced on August 31, 2015. However, the project was delayed due to technical issues as a result the contract was closed out.

Subsequently, Cabinet by Minute No. 256 dated February 9, 2023, agreed, inter alia, that the sum of TT$87,481,564.00 be approved as the revised project cost for the Dredging of the Sea Lots Main Channel and Turning Basin. Cabinet also agreed that the National Energy Corporation of Trinidad and Tobago (National Energy) be appointed as the executing agency for this project and that National Energy be paid a management fee of 5% of the total project cost. On May 22nd 2023, the Ministry of Finance granted approval for the project name to be changed from Dredging of the Sea Lots Main Channel and Turning Basin (NIDCO) to Dredging of the Sea Lots Main Channel and Turning Basin.

In fiscal 2025, the project received an initial allocation of $14,410,000.00. During fiscal year 2024/2025, the executing agency, National Energy was reimbursed for the works

carried out on the project after payments were made to the contractors. Payments were made to the following contractors:

1. Dravo S.A. (Contract Number LCS.02.2423) responsible for Dredging and Disposal of Waste
2. Offshore Surveys Limited (Contract Number LCS/02/2923) responsible for the Hydrographic Survey (Bathymetric Survey) for quality assurance / quality control
3. Sea-Tek Electrics for the replacement of the Channel markers
4. Pres-T-Con for the disposal of dredged material
5. Lonsdale Saatchi and Saatchi responsible for advertising
6. Trinidad and Tobago Police Service responsible for security
7. National Energy Corporation of Trinidad and Tobago for Tug boat services
8. Withholding Tax was paid to the Board of Inland Revenue by National Energy, on behalf of the Contractor. The funds were deducted from the amounts due to the contractor.

The Warrants issued during Financial Year 2025 were as follows:

Warrant No.93 of 2025 dated 11th March, 2025 for the sum of $2,386,562.00

Warrant No.180 of 2025 dated 27th July, 2025 for the sum of $21,385.00

Total Released **$2,407,946.00**

Note that the total amount of the Warrants issued was $1.00 more than the actual expenditure as a result of the amount of the Warrants being rounded upwards.

* Withholding Tax was paid to the Board of Inland Revenue by the executing agency, National Energy, on behalf of the Contractor

** Trinidad and Tobago Police Service Credit Note for ($29,139.83) was applied to the Lonsdale Saatchi and Saatchi invoice of $42,704.55 leaving a residual payment sum of $13,564.72. The Warrant sum reflects the application of the Credit Note to the Lonsdale Saatchi and Saatchi Invoice, hence the final sum paid on that invoice was $13,654.72.

Comptroller of Accounts Circular No. 13 dated August 5, 2024.

Brief description of the Major Activities financed by the Fund

The Ministry of Rural Development and Local Government (MRDLG) - Infrastructure Development Fund (IDF) projects implemented in fiscal 2025 were executed by the Rural Development Company of Trinidad and Tobago Limited (RDC), the Urban Development Corporation of Trinidad and Tobago (UDeCOTT) and National Infrastructure Development Company Limited (NIDCO).

(i) Projects which were implemented in-house:
NIL

(ii) Projects for which contracts were awarded:
All of the projects listed in Appendix B & C were carried out by Contractors and awarded by RDC, UDeCOTT or NIDCO on behalf of the MRDLG after following proper tendering procedures (**see Appendix C which provides more details on each project executed**).

(iii) Projects funded by unspent balances (where applicable):
NIL

(iv) Projects funded by external financing and a description of the financing:

1. RDC Loan #1
   RDC had access to a Demand Loan Facility which was approved by the Ministry of Finance and is being finance by First Citizens Bank Limited to fund general corporate expenses up to One Million Trinidad and Tobago Dollars (TTD$100Mn).

   RDC Loan #2
   In addition, RDC had access to another Loan Facility. Cabinet by Minute No.714 of April 22, 2021, approved the issuance of Government guaranteed loan on behalf of RDC to meet expenditure for critical projects for fiscal year 2020/2021 and to fulfil payment obligations to Contractors in the estimated sum of Two Hundred Million, Four Hundred and Thirty-Seven Thousand, Three Hundred and Twenty-Five Trinidad and Tobago Dollars (TT$200,437,325.00). Accordingly, Cabinet Minute No. 1259 and Note F (21)222 approved the award of a mandate to RBC Royal Bank (Trinidad and Tobago) Limited to arrange and fully underwrite a six-year fixed rate term loan for the RDC to meet expenditure for critical projects for Fiscal year 2020/2021, and to fulfil Payment Obligations to Contractors.

RDC Loan #3

Additionally, the RDC secured a third Loan Facility. Cabinet by Minute No. 187 of January 30, 2025, approved the issuance of a Government Guaranteed Loan totaling Two Hundred Million Dollars (TT$200,000,000.00) to finance current and future infrastructure projects. Furthermore, Cabinet by Minute No. 283 of February 13, 2025 authorized Guardian Group Trust Limited to arrange a six (6) year Government Guaranteed Fixed Rate Loan. Following the initial agreement, a modification to the allocate use of the Net Loan was approved by Cabinet Minute No. 499 of March 20, 2025. This amendment altered the decisions recorded in Minutes No.187 of January 30, 2025 and No 283 of February 13, 2025, to enable financing of both current and future infrastructure projects, as well as administrative expenses, which includes operational and corporate expenses.

2. Also, Cabinet by Minute No. 2058 dated November 29, 2018 agreed to the award of a mandate to First Citizens Bank Limited to arrange a Bridge Loan Facility of up to Forty Five Million Trinidad and Tobago Dollars (TTD$45Mn) to finance the construction of a Commercial Building (Diego Martin Administrative Complex included) to be situated on the Western Main Road, Westmoorings and a Long Term Mortgage Facility of up to Forty Five Million Trinidad and Tobago Dollars (TTD$45Mn) as a takeout of the Bridge Facility.

(vi) Statements of balances on refundable deposits e.g. Tender deposits, cash performance deposits, undrawn wages deposits:

Special Purpose State Enterprises usually include refundable deposits within the Preliminaries Section of the Bill of Quantities (BoQ) when it is provided by the Contractor. These are usually in the form of Advance Payment Bonds (APB) and Performance Bonds (PB). With respect to the refunding, upon successful completion of the project, the Bonds are released. Tender Deposits were not implemented and undrawn wages deposits are not applicable.

Project Name 1: 701/42/004/14/A/003 – Development of Rural Communities

The Ministry of Rural Development and Local Government (MRDLG) has consistently prioritized the implementation of projects aimed at improving the physical infrastructure of communities across Trinidad. Its objective is to enhance the quality of life for all citizens through the development and rehabilitation of local roads, drainage systems, bridges, and landslips. To execute these initiatives, the Ministry has engaged the services of the Rural Development Company of Trinidad and Tobago Limited (RDC). The RDC has also undertaken projects under the National Programme for the construction and rehabilitation of pavilions and recreational facilities throughout Trinidad. All RDC projects are planned in consultation with Members of Parliament, Councillors, Municipal Corporations, and local communities to ensure equitable benefits for all citiens.

For the fiscal year 2025, the MRDLG received an allocation of Thirty-One Million, Five Hundred Thousand Dollars ($31,500,000.00) for the execution of projects under the Development of Rural Communities. One project carried forward from the previous fiscal year, valued at Two Hundred and Forty-Two Thousand, Three Hundred and Forty-Five Dollars and Thirty-Nine Cents ($242,345.39), was submitted for processing to the Ministry of Finance (MOF) in November 2024, with funds released in April 2025.

In December 2024, the Ministry requested a transfer of Five Million Dollars ($5,000,000.00) from the Development of Rural Communities allocation to the Construction of Administrative Complexes to settle outstanding invoices. This transfer was approved by the MOF on January 16, 2025, reducing the Development of Rural Communities budget to Twenty-Six Million, Five Hundred Thousand Dollars ($26,500,000.00).

On April 17, 2025, the Ministry sought confirmation of funds for twenty-six (26) projects totaling Twenty-Six Million, One Hundred and Seventy-Four Thousand, One Hundred and Forty-Three Dollars ($26,174,143.00). However, on May 21, 2025, the Ministry rescinded the request due to an urgent need to re-prioritize projects under the programme.

Delays in the re-prioritization exercise subsequently necessitated further funding transfers to the Construction of Administrative Complexes and Development of West Park to settle outstanding invoices. On July 31, 2025, the Ministry requested a transfer of Eleven Million, One Hundred and Sixty-Seven Thousand and Forty-Four Dollars ($11,167,044.00) from the Development of Rural Communities allocation. This request was re-submitted to the MOF on August 20, 2025; however, it was not approved.

Project Name 2: 701/42/004/14/A/010 – Latrine Eradication Programme

Confirmation of Funds totaling $5,577,195.00 was received and 54 projects were tendered and awarded in FY 2024. At the beginning of Fiscal 2025, the Ministry received an allocation of Five Million Dollars ($5Mn). Commitments from Fifty-Four (54) completed projects from fiscal 2023 and 024 were brought forward to be paid to contractors in fiscal 2025.

The completed projects included a functional toilet complete with plumbing, septic tank and soak away pit, a 400-gallon water storage tank, face basin, tiles, ventilation blocks and paint. Recipients were vulnerable groups in rural communities across ten (10) Municipalities:

1. Siparia Regional Corporation (SRC),
2. Point Fortin Borough Corporation (PFBC),
3. Penal/Debe Regional Corporation (PDRC),
4. Princes Town Regional Corporation (PTRC)
5. Tunapuna/Piarco Regional Corporation (TPRC),
6. Corporations (San Fernando City Corporation (SFCC),
7. Chaguanas Borough Corporation (CBC),
8. Arima Borough Corporation (ABC),
9. Diego Martin Regional Corporation (DMRC),
10. Couva/Tabaquite/Talparo Regional Corporation (CTTRC).

In Fiscal 2024, the Ministry requested the release of funds for thirty (30) projects valued at Two Million, Six Hundred and Forty-Six Thousand, One Hundred and Six Dollars ($2,646,106.00), however, it was not approved for release in said fiscal. Subsequently, the MRDLG resubmitted invoices for the release of funds totalling this amount in addition to the invoices for the remaining twenty- three (23) projects. As of April 2024, twenty -two (22) of the twenty-three (23) projects were completed. This represented a total commitment of Four Million, Five Hundred and Eighty-Three Thousand and Ninety Dollars and Ninety-Four Cents ($4,583,090.94).

Release of Funds via Warrant Nos. 62 and 91 were received from the Ministry of Finance by Memo dated February 10th 2025 and March 12th 2025, respectively. However, due to some discrepancies on both Warrants, they were subsequently rescinded and cancelled by the MOF by Memo dated April 03rd, 2025. These warrants affected the processing of payments for ten (10) projects.

In May 2025, funds were released via Warrant No.149 from the MOF, however due to an oversight, these payments were not processed before the end of fiscal 2025. As of September 30th 2025, $3,454,456 in funds have been released for 44 projects, with payments outstanding for the ten (10) projects totalling approximately One Million, Six Hundred and Twenty-Six Thousand, Eight Hundred and Ten Dollars ($1,626,810).

In Fiscal 2026, the MRDLG did not receive an allocation for the National Latrine Eradication Programme (NLEP) and is currently working to facilitate requests for the ten (10) outstanding projects.

Project Name 3: 701/42/005/06/F/060 – Construction of Administrative Complexes

Cabinet approved the design, construction and outfitting of Administrative Complexes for the Diego Martin Regional Corporation (DMRC) and the Penal/Debe Regional Corporation (PDRC). The Diego Martin Administrative Complex is part of the holistic plan geared towards the development of the Municipality of Diego Martin. The MRDLG has engaged the National Infrastructure Development Company Limited (NIDCO) to provide project management services for the design, construction and the outfitting of the Diego Martin Administrative Complex. Due to the Ministry's financial constraints, approval was sought for the First Citizens Bank Ltd (FCBL) to arrange a bridge loan facility of up to Forty-Five Million Dollars ($45 Million) to finance the construction of the Diego Martin Administrative Complex. The Lease Agreement between the Diego Martin Regional Corporation and the First Citizens Bank Limited was executed on May 14th, 2020. This Bridge Loan Facility is a novel public/private partnership arrangement that has enabled granted autonomy for the Diego Martin Borough Corporation (DMBC), consistent with the proposed Local Government Reform Initiative. The construction of the Diego Martin Administrative Complex commenced on February 3, 2020 and Phase I, which comprises the construction of the base building, was completed on September 21, 2021. Cabinet by Minute No. 569 of March 25, 2021 agreed to the provision of additional funding in the sum Twenty-Four Million, Five Hundred and Fifty Thousand, Five Hundred and Thirty-Four Dollars and Sixty-Four Cents ($24,550,534.64); for the construction of the base building of the Diego Martin Regional Corporation Administrative Complex, for the completion of crucial works and the payment of accrued loan interest to FCB. The Ministry of Finance submitted Cabinet Minute No. 1740 of October 20, 2021, which agreed to the approval of the overall budget of Eleven Million, Seven Hundred and Twelve Thousand, Seven Hundred and Thirteen Dollars and Ninety-Two Cents ($11,712,713.92), to facilitate outfitting works associated with that portion of the Diego Martin Administrative Complex allotted to the Diego Martin Borough Corporation. Furthermore, the Ministry of Finance also submitted Cabinet Minute No. 259 of February 10, 2022, which accepted the approval to increase the Fiscal 2021/2022 IDF Allocation for the MRDLG, to facilitate outfitting works associated with the section of the Diego Martin Administrative Complex allotted to the Corporation. Additional base building/DMBC outfitting works commenced April 4, 2022

and these works are 100% completed. Cabinet by Minute No. 819 of May 11, 2023 agreed to the provision of additional funding in fiscal 2022/2023, in the sum of Four Million, Eight Hundred Thousand, Nine Hundred and Seventeen Dollars and Sixty-Nine Cents ($4,800,917.69), to facilitate the procurement of furniture and equipment for the section of the Diego Martin Administrative Complex allotted to the Diego Martin Borough Corporation. The Bridge Loan Facility matured on September 4, 2022 and was capped at Forty-One Million, Eight Hundred and Twenty Thousand and Sixty-Five Dollars and Sixty-Two Cents ($41,820,065.62), inclusive of capitalized interest. The Bridge Loan Facility was extended by an additional six (6) months from September 4, 2022 to March 4, 2023, necessitating monthly interest payments over the six (6) month Bridge Loan Extension period totaling One Million, One Hundred and Fifty-Seven Thousand, One Hundred and Eighty-Nine Dollars and Eighty-Six Cents ($1,157,189.86). Furthermore, the Bridge Loan Facility was further extended by an additional 3 months from April 4, 2023 to June 4, 2023, necessitating monthly interest payments over the 3-month Bridge Loan Extension period totaling Five Hundred and Eighty-Eight Thousand, One Hundred and Eighty-Four Dollars and Ninety Cents ($588,184.90). The opening ceremony for the Diego Martin Administrative Complex occurred on June 10, 2023. Disbursements made under the Infrastructure Development Fund (IDF) in fiscal 2025 were towards additional base building works, outfitting works and the procurement of furniture and equipment for the DMBC.

The total expenditure to date since the commencement of this project under IDF has been Thirty-Nine Million, Four Hundred and Eighteen Thousand, Three Hundred and Ninety-Three Dollars and Twenty-Seven Cents ($39,418,393.27).

In 2025, the MRDLG did not receive an allocation for the project. Accordingly, the Ministry requested a Transfer of Funds in the sum of Five Million Dollars ($5,000,000.00) from the Development of Rural Communities Vote (42/004/14/A/003), to pay outstanding commitments from fiscal 2024. The Transfer of Funds in the sum of Five Million Dollars ($5,000,000.00) was approved by memorandum dated January 16, 2025. Accordingly, the Ministry received releases totalling Four Million, Nine Hundred and Ninety-Four Thousand, One Hundred and Ninety-Six Dollars ($4,994,196.00) and Four Million, Nine Hundred and Ninety-Four Thousand, One Hundred and Ninety-Two Dollars and Seventy-Two Cents ($4,994,192.72) were actually paid to NIDCO.

Due to the insufficient allocation received in fiscal 2025, invoices totalling Ten Million, Nine Hundred and Seventy-Nine Thousand, Four Hundred and Twenty-Three Dollars and Twenty Cents ($10,979,423.20) were not paid and will be committed in fiscal 2026.

Project Name 4: 701/42/005/06/F/065 – Development of West Park

The West Park Recreational Savannah is located on the Western Main Road, on the vacant land north of the West Mall Shopping Complex. The property is bounded on the north by Victoria, on the east by the Diego Martin Highway, on the west by the Diego Martin River and on the south by

the Western Main Road. The total site area is approximately 52,874 square meters. The main features of the West Park Recreational Works include:

- An open field grassed area of approximately 48,000 square meters;
- A maintenance setback from the Diego Martin River paved area of 2,000 square meters;
- Jogging Track of approximately 2,100 square meters of asphaltic concrete;
- Flood lighting around jogging track;
- Carpark for
- Perimeter swale drain;
- Construction of an Administrative Building.

The administrative building, jogging path, swale drain, car park, grass planting works and fencing work around the historical building are 100% completed. The construction of the access road to the Savannah and the installation of solar lights have also been concluded. T&TEC connection has been attained and the water and wastewater connections have been completed. The handover of the West Park Savannah to the Diego Martin Borough Corporation occurred on July 31, 2024.

The total expenditure to date since the commencement on this project under IDF has been Eight Million, Three Hundred and Thirteen Thousand, Two Hundred and Twenty-One Dollars and Eighty-Three Cents ($8,313,221.83).

In 2025, the MRDLG received an allocation of One Million Dollars ($1,000,000) for the project. Accordingly, the Ministry received releases totalling Nine Hundred and Seventy-Two Thousand, Four Hundred and Fifty-Two Dollars ($972,452.00) and Nine Hundred and Seventy-Two Thousand, Four Hundred and Fifty-One Dollars and Forty-Nine Cents ($972,451.49) were actually paid to UDeCOTT.

Due to the insufficient allocation received in fiscal 2025, invoices totalling Four Hundred and Ninety-Nine Thousand, Five Hundred and Sixty-Six Dollars and Seventeen Cents ($499,566.17) were not paid and will be committed in fiscal 2026.

It is important to note that in fiscal 2017/18 the project was under the Consolidated Fund and a total of Two Million, One Hundred and Sixty-Four Thousand, Six Hundred and Ninety-Eight Dollars and Sixteen Cents ($2,164,698.16) was paid out on the project. UDeCOTT is still in the process of submitting all outstanding invoices for remedial works to the administrative building, security services and landscaping services completed prior to the handover of the facility.

Project Name 5: 701/42/005/06/F/070 – Construction of a New Office Building (Four Levels)

The Ministry of Rural Development and Local Government was allocated One Million, Five Hundred Thousand Dollars ($1,500,000.00) for the construction of a new office building. The identified the National Insurance Property Development Company Limited (NIPDEC) as the most suitable agency to support the project based on its demonstrated expertise and experience.

Following discussions, NIPDEC submitted a Letter of Intent (LOI) dated September 11, 2024, for the establishment of an Administrative Office Building at Kent House, Maraval. The LOI was forwarded to the Ministry's Engineering Unit for review on October 7, 2024, and feedback with recommended changes was provided on October 8, 2024. These amendments were communicated to NIPDEC via email. After receiving no response, a follow-up email was sent on November 5, 2024.

On November 7, 2024, NIPDEC re-submitted the revised LOI incorporating the Ministry's amendments. The revised LOI was forwarded to the Acting Permanent Secretary on November 11, 2024, who reviewed, approved, and signed the document before returning it to NIPDEC.

Subsequently, on December 6, 2024, NIPDEC submitted a draft contract agreement for review. The document was forwarded to both the Engineering and Legal Services Units. On January 15, 2024 the Legal Services Unit provided its comments and recommended amendments. Thereafter, on January 21, 2025, NIPDEC submitted a Request for Proposal (RFP) for Design-Build Services for the establishment of the Administrative Office Building at Kent House, which was forwarded to the Engineering Unit for review.

On February 6, 2025, the Ministry submitted the recommendations on the draft agreement to NIPDEC. On the same day, a virtual meeting was held NIPDEC to discuss the RFP, during which it was determined that additional changes were required. NIPDEC agreed to amend the document.

NIPDEC subsequently revised the draft contract agreement and re-submitted it on February 24, 2025. The revised draft was forwarded to the Legal Services Unit for review. On March 20, 2025, the Legal Service Unit provided feedback, which was communicated to NIPDEC on the same day.

Furthermore, on July 16, 2025, NIPDEC submitted another revised version of the RFP, which was forwarded to the Engineering Unit. Shortly thereafter, at a Public Sector Investment Programme (PSIP) meeting with the Ministry of Planning, Economic Affairs and Development, the Ministry was advised to place a hold on the construction projects pending a national directive on public service administrative building occupancy. As a result, no funds were expensed for this project in fiscal 2025.

Project Name 6: 701/42/005/06/F/072 – Extension to Annexed Building

This project was no longer considered feasible and was replaced by Vote 080 – Refurbishment Works of Current Annex Building (New).

Project Name 7: 701/42/005/06/F/074 – Upgrade Works to the Arima Market

In fiscal year 2025, funding was allocated for Upgrade Works to the Arima Market in the sum of Six Million, Five Hundred Thousand Dollars ($6,500,000.00). The MRDLG was mandated by Cabinet to enter into a contract with the Urban Development Corporation of Trinidad and Tobago Limited (UDeCOTT), for project management services. The intention was to repurpose materials from the temporary roofs of President's House and Mille Fleurs, for the construction of a roof for the Arima Market.

Accordingly, in fiscal 2024, stakeholder consultations were held with the UDeCOTT, following which a project proposal was submitted to the Ministry for consideration, together with the results of the tendering process in July 2024. It should be noted that the scope of works was amended, as the temporary roof materials are no longer available.

On February 10, 2025, the Ministry wrote to the MOF seeking clarification on whether Cabinet approval was required for the project, as referenced in Cabinet Minute No. 10 of January 9, 2020. This clarification was necessary to facilitate the Budget Division's approval for Confirmation of Funds, which would enable the Ministry to access the allocated funding. No response was received from MOF. Consequently, on May 19, 2025, UDECOTT wrote to the Ministry to request approval or confirmation of the funds needed for the project.

In August 2025, the Ministry prepared a Draft Note for Cabinet seeking approval of the estimated project budget, in the sum of Seven Million, Five Hundred and Twenty-Five Thousand, Six Hundred and Eighty-Two Dollars and Fifty-Eight Cents ($7,525,682.58) VAT Inclusive. Once approved, the Ministry intended to submit a formal request for Confirmation of Funds to MOF to allow for the award of contract and the commencement of the project.

On September 5, 2025, the Ministry submitted the Note to Cabinet for approval. On September 23, 2025, the Ministry re-submitted the Note with the inclusion of a request for funding for the San Fernando Market. The Ministry at the end of the fiscal did not receive feedback on the Cabinet Note. As a result, no funds were expensed for this project in fiscal 2025.

Project Name 8: 701/42/005/06/F/070 – Digitization Building

In fiscal year 2025, funding was allocated for the Digitization Building in the sum of Two Million, Five Hundred Thousand Dollars ($2,500,000.00). In August 2024, the Ministry requested releases in the amount of Six Hundred and Eighty-Eight Thousand, Three Hundred and One Dollars and Seventy-Five Cents ($688,301.75), based on the remaining balance on the allocation, however, no releases were not received during that fiscal.

The RDC initially submitted an invoice in the amount of One Million and Fifty-Two Thousand, Four Hundred and Ten Dollars and Twenty-Two Cents ($1,052,410.22), representing the full sum of the completed works to be paid. As a result, this sum was a commitment on the project which rolled over into fiscal 2025. The RDC was asked to revise the invoice to reflect the dates for this fiscal and to incorporate total outstanding amount. The request for release was submitted to the MOF on December 11, 2024, to cover the total outstanding amount, with releases being received on February 12, 2025.

It should be noted that works on the project ceased due to a lack of releases under the Digitization Building Vote in fiscal 2024 with the scope of works being approximately 85% completed at that time. The project was originally scheduled for completion in July 2024, however, funding constraints resulted in the contractor being unwilling to complete the remaining works.

In second quarter of fiscal 2025, the Ministry was able to secure the contractor's agreement to complete the outstanding. Subsequently, on August 27th, 2025, an additional invoice in the amount of Five Hundred and Sixty-Six Thousand, Nine Hundred and Two Dollars and Nine Cents ($568,902.09) was submitted to the MOF with releasees being received on September 22, 2025.

Project Name 9: 701/42/005/06/F/070 – Refurbishment Works of Current Annex Building
In fiscal year 2025, funding was allocated for Refurbishment Works of Current Annex Building in the sum of Two Million Dollars ($2,000,000.00). A new line item was created for this project. Accordingly, on April 14, 2025, the Ministry requested confirmation of funds in the amount of Three Million, Two Hundred and Twenty-Two Thousand, Four Hundred and Ninety Dollars ($3,222,490.00) from the MOF. On April 24, 2025, the MOF confirmed that the requested funds were available under this project.

Subsequently, on June 10, 2025, the Ministry advised the RDC of its approval for the Special Purpose State Enterprise to proceed with tendering for this project. Unfortunately, the RDC did not initiate the tendering the project within the fiscal year, resulting in the works being deferred forward into fiscal 2026.

iii) The reason for the changes in budgetary allocation:
In fiscal 2025, the changes are explained in (ii) above.

(iv) Variance between actual delivery and budgeted milestones and the reasons for such are as follows:

- Taking steps to ensure compliance with the Public Procurement and Disposal of Public Property Act. All the remaining sections of the Public Procurement and Disposal of Public Property Act were fully proclaimed and took effect as of the 26th April, 2023. This led to delays in the tendering process.

- Late confirmation of funds and the request for confirmation of funds was not approved.
- Variances of this nature are primarily due to delays in receiving funds. The payments are typically processed by the Ministry within a timely manner however delays are introduced further along the payment processing chain awaiting approval for the release of funding from the Ministry of Finance.
- Under the FIDIC Standard forms of Contract for Construction projects for example, the Contractors are entitled to pursue several courses of action for delayed payments. These include but are not limited to:
  - Suspension of Works
  - Slowed Progress
  - Extensions of Time for Completion
- Force Majeure – Unforeseen circumstances such as adverse weather, protests etc. also lead to a deviation between delivery and budgeted milestones.

(v) Explanations regarding risks and other issues that arose during implementation and how they were managed:

Risks that arose during implementation of projects include:

- Late payments to Contractors due to requests for releases made in September which was close to the end of the financial year.
- Hostility and threats towards the Contractors on construction sites in certain areas.
- Encountering unforeseen site conditions, typically relating to foundation or substructure works such as soil types with low bearing capacities.
- Inability of Contractor to complete the works.
- Capital Cost for WASA and T&TEC which was not initially factored in the contract cost.

Special Purpose State Enterprise manages risks that may arise during implementation of projects by:

- Including as part of the tender document and ensuring the Contractors procure Public Liability, Workmen's Compensation and Contractors All Risk Insurances before execution of works.
- Including as part of the tender document and ensuring the Contractors procure Advance Payment Bonds and/or Performance Bonds before execution of works.
- Inclusion of Contingencies to be utilized as directed by the Special Purpose State Enterprise in consultation with the Ministry.
- Seeking approval from the Line or Client Ministry for funding.

(vi) Whether the project met the original business need:

Value for Money is always promoted by the Ministry to the Special Purpose State Enterprises. The aim is upgrading existing infrastructure and/or implementing new infrastructure to meet the needs of the public; as well as create employment within the communities in which they were being executed. The projects that were executed would have achieved their goal as they were successfully implemented and local labour was employed in fiscal 2025.

GENERAL

All projects were within budget and no major issues were encountered during implementation. However, there were instances where the Ministry could not implement plan projects which will roll over into fiscal 2026. Generally, all projects continue to meet the justification that was agreed to by Cabinet. It should be noted that Cabinet approval is usually sought when required for all the projects to be under IDF.

PROJECT: 701/61/004/08/E/230- ACCELERATED HOUSING PROGRAMME

DESCRIPTION OF MAJOR ACTIVITIES

The Accelerated Housing Programme involves the construction, completion, and delivery of housing units across multiple sites nationwide. Major activities include:

- Completion of apartment buildings, townhouse units (THUs), and single-family units (SFUs)
- Design-build services for new housing units and associated infrastructure
- Structural retrofitting, external plumbing, electrical installation, and related civil works
- Construction of infrastructure works including roads, drainage, utilities, and site development
- Demolition works at select SMCI locations to facilitate new construction
- Provision of temporary site facilities, scaffolding, lifts, and professional consultancy services

PROJECTS FUNDED BY UNSPENT BALANCES

No projects under the E230 – Accelerated Housing Programme were funded using unspent balances. All contracts were supported through the original Budgetary Allocation.

PROJECTS FUNDED BY EXTERNAL FINANCING AND DESCRIPTION OF FINANCING

According to the information provided by the HDC at **Appendix 1** there were **no projects funded by external financing** during this reporting period. All activities were financed through **Government of Trinidad and Tobago Infrastructure Development Fund (IDF)** allocations.

AMOUNTS SURRENDERED BY THE CLIENT MINISTRY TO THE EXECUTING AGENCY (RELEASES)

Releases received in the sum of **$200,000,000.00** were fully applied to project activities allotted under the IDF programme.

STATEMENT OF BALANCES ON REFUNDABLE DEPOSITS (TENDER DEPOSITS, CASH PERFORMANCE DEPOSITS, INDRAWN WAGE DEPOSITS)

The programme did not report any refundable deposit balances for the period. No tender deposits, cash performance deposits, or indrawn wage deposits were flagged as outstanding.

VARIANCE BETWEEN ACTUAL COST AND ORIGINAL ESTIMATES AND EXPLANATION

The primary driver of this variance was the **inadequate and irregular release of funds**, which prevented works from progressing as originally scheduled. In many instances, contractors were only able to undertake partial or phased works based on intermittent payments. As a result, actual expenditure remained significantly below original projections, not because of efficiency gains, but because planned works **could not be executed** within the period.

In a few cases where **actual costs exceeded original estimates**, this was attributable to **approved variation works**, typically involving unforeseen site conditions or additional scope required to meet statutory compliance.

VARIANCE BETWEEN ACTUAL COST AND REVISED ESTIMATES AND THE REASON FOR SUCH

n/a- No revised estimate submitted for the period; actuals reflect expenditure against original allocation

REASON FOR CHANGES IN THE BUDGETARY ALLOCATION

n/a- No change in budgetary allocation for the period

VARIANCE BETWEEN ACTUAL DELIVERY AND BUDGETED MILESTONES AND THE REASON FOR SUCH

There were substantial variances between planned and actual delivery dates. Many projects scheduled for completion between 2023–2026 experienced delays ranging from several months to multiple years. The main reasons include:

- **Non-payment or slow payment** of claims, leading to suspended works or reduced worksite productivity.
- **Outstanding statutory approvals,** including TCPD, WASA inspection, WASA metering, and T&TEC energization.
- **Delays in completing critical infrastructure,** especially wastewater treatment plants (WWTPs), access roads, drainage, and paving.
- **Unsettled WASA and T&TEC capital contributions,** which prevented commissioning of completed units.
- **Partial or phased construction,** imposed due to cash flow limits**.**
- **Contractual pauses pending Board guidance** on possible restructuring or termination.

These issues collectively resulted in significant slippage in planned delivery milestones.

EXPLANATION OF RISKS AND ISSUES ARISING DURING IMPLEMENTATION AND HOW THEY WERE MANAGED

Key Risks / Issues Observed:

- **Chronic funding shortfalls** resulting in stalled activities across multiple sites.
- **Outstanding payments**, causing contractors to slow or cease operations.
- **Incomplete infrastructure** (roads, drainage, WWTP connection, utilities), rendering completed buildings non-habitable.
- **Statutory approval delays**, especially for utilities and TCPD.

- **Contract management challenges**, including need for variation works, reassessment of contract strategy, and potential terminations.
- **Legacy issues**, including cadastral adjustments affecting mortgage closures.
- **Outstanding capital contributions** to WASA and T&TEC.

Risk Mitigation / Management Strategies Employed:

- Implementing **phased construction** aligned with available funding.
- Ongoing **engagement with WASA, T&TEC and TCPD** to expedite inspections and approvals.
- **Submission of Board-recommended strategies**, including transitions to Design–Build–Finance models for improved cash flow independence.
- **Ministerial and Executive intervention** to prioritise payment of critical outstanding amounts.
- Preparation of **termination templates** for non-performing or paused contracts.
- Close monitoring and reporting by the HDC technical teams.

WHETHER THE PROJECT MET THE ORIGINAL BUSINESS NEED

O*v*erall, **the majority of projects have not yet met the original business need**, which is the delivery of **habitable housing units and fully serviced residential communities**.

Although many **building works were completed**, the units **cannot be occupied** because supporting infrastructure, particularly **WWTPs, drainage, roads, and utility connections,** remains outstanding. For projects where works were completed, units are in some cases still **awaiting inspections, metering, or statutory clearances**.

Projects still “ongoing”, “paused”, or under consideration for contract restructuring have therefore **not yet achieved their intended outcomes**. Where projects were completed and handed over, the business need **was met**, but these represent a **minority** of the portfolio.

Remarks / Lessons Learned

- Timely and predictable funding is essential for maintaining contractor productivity and meeting delivery timelines.
- Housing projects must synchronise **building completion with infrastructure delivery** to avoid units remaining uninhabitable.
- Early engagement with WASA, T&TEC, and TCPD is critical to mitigate statutory approval delays.
- Contracting strategies should include **cash flow resilience mechanisms**, especially for large multi-year programmes.
- Portfolio-wide delays demonstrate the need for strengthened **project governance and payment assurance systems**.

For further details on this project refer to Appendix 1.

PROJECT: 701/61/004/08/E/231- AFFORDABLE HOUSING PROGRAMME

DESCRIPTION OF MAJOR ACTIVITIES

The Programme involves the construction, completion, retrofitting, and provision of infrastructure for multi-storey apartment buildings, townhouses, single-family units, and associated infrastructure across multiple sites including Bon Air North (Arouca), Caura Royal Road (El Dorado), Citrus Close (POS), Corinth C (San Fernando), Couva, Cypress Hills, Edinburgh Towers, Malabar, Oasis Phase 5 (Chaguanas), D'Abadie, Rio Claro, Morvant, Oropune Gardens, Tarouba and others.

Activities include:

- Completion of housing units (structural, electrical, plumbing, finishing works)
- Design-Build construction of housing units and infrastructure
- External works (infrastructure, drainage, utilities)
- Retrofitting and restoration of existing blocks
- Fire suppression, lift wells, elevator shafts and staircases
- Land surveying, site clearing, and temporary facilities

PROJECTS FUNDED BY UNSPENT BALANCES

No projects under the E231 – Affordable Housing Programme were funded using unspent balances. All contracts were supported through the original Budgetary Allocation.

PROJECTS FUNDED BY EXTERNAL FINANCING AND DESCRIPTION OF FINANCING

According to the information provided by the HDC at **Appendix 2** there were **no projects funded by external financing** during this reporting period. All activities were financed through **Government of Trinidad and Tobago Infrastructure Development Fund (IDF)** allocations.

AMOUNTS SURRENDERED BY THE CLIENT MINISTRY TO THE EXECUTING AGENCY (RELEASES)

Releases received in the sum of **$100,000,000.00** were fully applied to project activities allotted under the IDF programme.

STATEMENT OF BALANCES ON REFUNDABLE DEPOSITS (TENDER DEPOSITS, CASH PERFORMANCE DEPOSITS, INDRAWN WAGE DEPOSITS)

The programme did not report any refundable deposit balances for the period. No tender deposits, cash performance deposits, or indrawn wage deposits were flagged as outstanding.

VARIANCE BETWEEN ACTUAL COST AND ORIGINAL ESTIMATES AND EXPLANATION

Across the E231 Affordable Housing Programme, the primary variance between actual and original estimates arose from:

Key Drivers of Variance

- Insufficient funding releases to progress works in keeping with the original project cashflow projections.
- Escalation in material costs and supply chain delays.
- Extended procurement timelines.
- Delays in prerequisite infrastructure (WWTPs, electrification, access roads) which slowed the pace of construction.
- Requirement for additional scope adjustments (e.g., retrofitting, restoration, structural works).

Where actuals fell below original estimates, the explanation was: **"Adequate funding was not provided to progress works as originally planned."**

VARIANCE BETWEEN ACTUAL COST AND REVISED ESTIMATES AND THE REASON FOR SUCH

n/a- No revised estimate submitted for the period; actuals reflect expenditure against original allocation

REASON FOR CHANGES IN THE BUDGETARY ALLOCATION

n/a- No change in budgetary allocation for the period

VARIANCE BETWEEN ACTUAL DELIVERY AND BUDGETED MILESTONES AND THE REASON FOR SUCH

Common Variances

- Delayed completion of wastewater treatment plants (WWTPs).
- Outstanding electrification works required before occupancy.
- Delays in statutory approvals (T&TEC, WASA, regional corporations).
- Contractor remobilization issues caused by delayed payments.
- Bottlenecks in procurement for specialized equipment (elevators, fire suppression systems).
- Site access delays caused by incomplete roadworks.

General Explanation

Projects did not meet certain budgeted milestones due to outstanding infrastructure dependencies and funding shortfalls which prevented timely progress.

EXPLANATION OF RISKS AND ISSUES ARISING DURING IMPLEMENTATION AND HOW THEY WERE MANAGED

Key Risks Identified

- **Funding delays** impacting contractor mobilization and continuity.
- **Incomplete infrastructure** (WWTPs, access roads, drainage) preventing handover of units.
- **Contractor remobilization issues** resulting from outstanding payments.
- **Escalation in material and labour costs** during implementation.

- **Dependency on multiple external agencies** (T&TEC, WASA, Municipal Corporations).
- **Scope variations** from structural retrofitting, restoration, and fire-suppression upgrades.

Mitigation Measures

- Reprioritisation of IDF releases to critical packages.
- Technical meetings with contractors to re-profile timelines.
- Engagement with utility providers to fast-track approvals.
- Interim scope adjustments to allow phased completion.
- Strengthening procurement oversight and contract management.

WHETHER THE PROJECT MET THE ORIGINAL BUSINESS NEED

The majority of project packages **partially met** intended outputs. Building construction and retrofitting were completed in several sites; however:

- Units cannot be delivered until infrastructure (WWTPs, electrification, drainage) is completed.
- Several projects remain **in progress** pending further funding and statutory approvals.
- Physical works were completed at some buildings, but **full operationalisation and handover** are still outstanding.

Overall status: Outputs partially achieved; final delivery dependent on completion of supporting infrastructure and outstanding payments.

For further details on this project refer to Appendix 2.

PROJECT: 701/60/004/14/A/001: URBAN REDEVELOPMENT

DESCRIPTION OF MAJOR ACTIVITIES

To develop and redevelop a zone in East Port of Spain bounded by Charlotte Street, Lady Young Road and the Eastern Main Road and including Morvant, Never Dirty and Caledonia, to improve the economic, social and physical environment of those areas.

Multiple projects were implemented these include neighbourhood revitalisation works such as drainage upgrades, road improvements, community infrastructure enhancement, and urban upgrading in East Port of Spain communities.

Across the programme, major activities include:

- Civil infrastructure works (roads, drainage, footpaths, retaining structures).
- Construction and upgrading of community facilities.
- Slope stabilization and retaining walls.
- Site preparation and land development.
- Upgrading of utilities and public spaces.
- Urban revitalisation to improve safety, accessibility, and habitability**.**

These activities aim to enhance the physical environment, reduce hazards, and improve the quality of life in vulnerable urban communities.

PROJECTS FUNDED BY UNSPENT BALANCES

No projects under the A001-Urban Redevelopment were funded using unspent balances. All contracts were supported through the original Budgetary Allocation.

PROJECTS FUNDED BY EXTERNAL FINANCING AND DESCRIPTION OF FINANCING

No external financing (e.g., loans, grants, multilateral funding) is identified for the A001 Urban Redevelopment Programme. All funding came from Government of Trinidad and Tobago budgetary allocations under the Infrastructure Development Fund (IDF).

AMOUNTS SURRENDERED BY THE CLIENT MINISTRY TO THE EXECUTING AGENCY (RELEASES)

Releases received in the sum of **$14,999,234.43** were fully applied to project activities allotted under the IDF programme.

STATEMENT OF BALANCES ON REFUNDABLE DEPOSITS (TENDER DEPOSITS, CASH PERFORMANCE DEPOSITS, INDRAWN WAGE DEPOSITS

The programme did not report any refundable deposit balances for the period. No tender deposits, cash performance deposits, or indrawn wage deposits were flagged as outstanding.

VARIANCE BETWEEN ACTUAL COST AND ORIGINAL ESTIMATES AND EXPLANATION

Across the portfolio of projects, variances between the actual cost and the original estimates primarily resulted from the degree to which provisional and contingency sums were utilized, as well as the status of works in progress. In the majority of cases, **not all allocated funds were utilized**, particularly contingency and provisional sums included in the original budget. These amounts were not required due to efficiencies in execution, lower-than-anticipated quantities, or the absence of unforeseen events that would have triggered their use. As a result, actual expenditure was lower than the original estimates.

For several projects, **all funds were fully utilized**, with minor rounding differences accounting for negligible variances. In a small number of instances, variances arose because **provisional sums were only partially applied**, as contractor invoices did not fully draw down on the amounts set aside for provisional items.

Where projects remain **ongoing**, the actual cost reflects only the works completed to date. Final variances will be determined upon completion when all remaining contractual obligations and final measurements are settled.

VARIANCE BETWEEN ACTUAL COST AND REVISED ESTIMATES AND THE REASON FOR SUCH

One project, Basilon Street - Repairs to Gymnasium P#354/2022, exhibited a variance due to a change in scope following a fire, which required adjustments to facilitate fire-related repairs.

Overall, the key reasons for variances amongst other projects include:

- Non-utilization of contingency and provisional sums.
- Full utilization of revised allocations where all scoped works were executed.
- Partial invoicing against provisional sums.
- Works still in progress, resulting in incomplete expenditure.
- A scope change arising from an unexpected fire event requiring additional repair works.

T**his reflects responsible budget execution, where variances are largely attributed to prudent financial management and project-specific conditions**.

REASON FOR CHANGES IN THE BUDGETARY ALLOCATION

Most projects required no change in allocation, as funds were carried over to complete works from the previous fiscal year. Changes occurred only where allocated funds did not fully cover the contract sum or where the final contract sum was lower than estimated, resulting in either increased or reduced allocations. In one case, a fire-related change in scope required an adjustment to facilitate necessary repairs.

VARIANCE BETWEEN ACTUAL DELIVERY AND BUDGETED MILESTONES AND THE REASON FOR SUCH

The primary reasons for delivery variance were persistent delays in financial releases and funding confirmations, which impacted project commencement and progress. Additional significant factor included security challenges and adverse weather conditions. Further contributory causes encompassed the identification and rectification of construction snags, beneficiary-contractor disputes leading to contractor replacement, and logistical challenges in material sourcing and site access. It is noted that a majority of other concurrent projects were completed within their scheduled timeframes.

EXPLANATION OF RISKS AND ISSUES ARISING DURING IMPLEMENTATION AND HOW THEY WERE MANAGED

The most prevalent and impactful risk encountered was the persistent untimely release of funds, which directly caused project delays, poor resource allocation, and slow work progress. This financial instability was compounded by risks inherent to utilizing small local contractors, including their limited financial capacity and technical experience, which led to quality issues requiring rework. Furthermore, external factors such as security challenges and adverse weather conditions frequently forced work stoppages and impacted the schedule.

To manage these challenges, a multi-faceted mitigation strategy was employed. Financial and performance risks were addressed through contractor pre-qualification, financial assessments, and the use of performance bonds, while a pre-approved list of alternate contractors was maintained to ensure project continuity. For quality and safety, strategies included rigorous onsite supervision, regular inspections, and enforced safety protocols. Proactive measures such as pre-construction utility surveys and weather monitoring. Finally, continuous engagement with funding authorities and the early submission of documentation were key strategies to expedite financial approvals.

WHETHER THE PROJECT MET THE ORIGINAL BUSINESS NEED

Yes, the projects overwhelmingly met their original business need.

Completed projects consistently fulfilled their core objectives, such as improving drainage, road usability, safety, and delivering critical infrastructure like bathroom facilities and water storage. The functional and safety benefits to the community were explicitly achieved.

Key lessons learned that contributed to success include the critical importance of contractor pre-qualification, proactive communication with funding authorities, continuous quality monitoring, and thorough pre-construction site planning to mitigate risks.

PROJECT: 701/60/004/14/A/005: URBAN UPGRADING AND REVITALIZATION PROGRAMME

DESCRIPTION OF MAJOR ACTIVITIES

The general objective of the programme is to contribute to the improvement of the quality of the urban built environment. To achieve this objective, the Programme will be implemented through the following components:

- **Component 1: Urban Upgrading**
- **Component 2: Urban Regeneration**
- **Component 3: Affordable Housing**
- **Component 4: Strengthening of Housing and Urban Development Sector Stakeholders' Capacities**

IMPLEMENTATION UNIT / AGENCY

This programme is implemented in-house by the Programme Monitoring Coordinating & Evaluation Unit (PMCEU) of the Ministry of Housing and Urban Development.

PROJECTS FUNDED BY EXTERNAL FINANCING AND DESCRIPTION OF FINANCING

The Programme, 701/61/004/14/A/005: Urban Upgrading and Revitalization Programme is financed by the Inter-American Development Bank, loans 5048/OC-TT and 5049/OC-TT. The total estimated cost of the Loan is US$50 million which is financed through the following modalities:

(i) a Multiple Works Programme (MWP) for US$32.5 million (TT-L1056) chargeable to the Ordinary Capital (OC) of the Bank; and

(ii) a Specific Investment Loan (SIL) for US$17.5 million (TT-L1057) also chargeable to the OC of the Bank.

VARIANCE BETWEEN ACTUAL DELIVERY AND BUDGETED MILESTONES AND THE REASON FOR SUCH

Several milestones were delayed due to:

- Outstanding WASA works, which held back final paving and completion of roadworks.
- Terrain conditions affecting transportation, storage of materials, and overall productivity.
- Extended defects liability and rectification periods, which shifted delivery timelines.
- Pending design finalisations scheduled for completion in Q1 2025.
- Slow applicant response rates (missing documentation, incomplete contributions, delays signing agreements) affecting progress in subsidy programmes.

EXPLANATION OF RISKS AND ISSUES ARISING DURING IMPLEMENTATION AND HOW THEY WERE MANAGED

- Utility Coordination Risks: Delays in WASA inspections and T&TEC connections were managed through scheduled follow-ups and adjusted works sequencing.
- Terrain and Access Challenges: Managed by approving extensions of time (EOT) and modifying work methods to suit the environmental conditions.
- Market Price Escalation: Addressed through revision of BoQs, cost estimates, and procurement strategies.
- Environmental and Social Risks: ESIA/ESMP preparation initiated early to mitigate potential compliance issues.
- Beneficiary-Related Risks (Subsidy Programmes):
- Missing documentation, incomplete banking information, and failure to sign agreements were managed through repeated client engagement and verification efforts.
- Land tenure constraints were managed through screening and technical support where feasible.
- Project Design Risks: Finalisation of designs and technical studies was prioritised to reduce uncertainty during tendering and execution

WHETHER THE PROJECT MET THE ORIGINAL BUSINESS NEED

- Many construction and infrastructure projects have reached practical completion, fulfilling the intended objective of improving community infrastructure and housing readiness.
- Projects still in defects liability or design stages remain aligned to the original business need and continue progressing toward final delivery.
- Subsidy programmes (HIS/HCS) continue to meet their core mandate of supporting low- and middle-income households, with thousands of subsidies processed and disbursed to date.
- Strategic projects (ESIAs, diagnostic studies, economic analyses, and planning frameworks) are advancing the Ministry's policy objectives and preparing for successful implementation of major development initiatives.
- Completed projects consistently fulfilled their core objectives, such as improving drainage, road usability, safety, and delivering critical infrastructure like bathroom facilities and water storage. The functional and safety benefits to the community were explicitly achieved.

Key lessons learned that contributed to success include the critical importance of contractor pre-qualification, proactive communication with funding authorities, continuous quality monitoring, and thorough pre-construction site planning to mitigate risks.

PROJECT: 701/61/005/06/F/001: POS SHOPPING COMPLEX-DEVELOPMENT AND MANAGEMENT OF THE PROPERTY LOCATED AT NO. 43 INDEPENDENCE SQUARE, PORT OF SPAIN

DESCRIPTION OF MAJOR ACTIVITIES

In accordance with the provisions of section 5 of the Land Acquisition Act, Chap. 58:01, to the redevelopment of the property at No. 43, Independence Square (commonly known as the Drag Brothers Mall) for the public purpose of establishing an Incubator Facility for Micro Development.

Redevelopment, construction and management of a four (4) storey mall, with atrium space going up to the roof, providing a grand view from the ground looking up and vice versa. The building's ground, first and second floors are primarily commercial retail spaces with a café and water feature, and the second floor provides office spaces giving spectacular view towards Brain Lara Promenade. The fourth floor is a multipurpose space with both indoor and outdoor areas that allow for different types of events; after work limes, conferences or functions to name a few. It all translates to optimizing and opening up overlooked space in the heart of the city and bring enjoyment and use to all.

IMPLEMENTATION UNIT / AGENCY

This project is implemented in-house with Project, Construction and FIDIC Engineering Management services being provided by the National Insurance Property Development Company Limited (NIPDEC).

VARIANCE BETWEEN ACTUAL COST AND ORIGINAL ESTIMATES AND EXPLANATION

The original NIPDEC engagement was based on an estimated construction cost of $36,000,000.00, which informed the overall project budget of $44,550,000.00 (VAT Incl.). However, following completion of the competitive procurement process, the contract executed with Yorke Structures Limited (YSL) for Design-Build Services amounted to $24,751,188.15 (VAT exclusive) or $27,845,086.66 (VAT inclusive).

This variance reflects a significant reduction in the construction cost estimate—approximately $8.15M less than originally projected (VAT exclusive). The main reasons for this difference include:

- Market-competitive pricing received through the tendering process, resulting in a lower contract sum compared to the initial engineering estimate.
- Refinements to the scope and design efficiencies identified during NIPDEC's detailed design development phase, which yielded cost savings without compromising project functionality.
- Optimised construction methodologies proposed by YSL, particularly regarding structural steel fabrication, installation sequencing, and material sourcing.
- Reduced risk contingencies in the awarded contract compared to the preliminary estimate used in NIPDEC's original budget model.

Overall, the favourable contract sum resulted in lower-than-estimated actual costs relative to original projections, even though expenditure continues to follow the phased milestone payments set out in the 2024–2025 approved funding profile.

VARIANCE BETWEEN ACTUAL COST AND REVISED ESTIMATES AND THE REASON FOR SUCH

When compared to the revised estimates confirmed by the Ministry of Finance (totaling $31,142,484.00 across FY 2021/22–2025/26), actual expenditures are lower than projected. The variance occurred because:

- Progress on piling and foundational works slowed, resulting in lower-than-forecast contractor payment claims within the fiscal periods.
- Some long-lead items were procured later than scheduled due to pending technical submissions and approval requirements, which shifted expenditure into subsequent fiscal quarters.
- Statutory approvals (e.g., WASA, POS City Corporation, building permit) were delayed, preventing several downstream activities from commencing and therefore deferring associated costs.

Overall, while expenditures remained within revised allocations, the cash flow schedule has lagged behind planned projections due to delays in early construction stages.

REASON FOR CHANGES IN THE BUDGETARY ALLOCATION

n/a.

VARIANCE BETWEEN ACTUAL DELIVERY AND BUDGETED MILESTONES AND THE REASON FOR SUCH

The project has not met several of its originally budgeted milestones due to:

Delayed Foundation Progress

- Contractor YSL experienced **delays in constructing CFA piles** caused by:
    - Adverse weather conditions.
    - Breakdown of the Concrete Batching Plant at Pres-T-Con.
    - Constrained site layout limiting equipment repositioning.
    - Structural issues with Piles #4 and #32, requiring redesign and resubmission of drawings.

Statutory Approval Delays

- WASA approvals remain outstanding despite connection being made.
- POS City Corporation approval for blocking the footpath is pending.
- Building permit approval is still awaited.

Procurement Delays

- HVAC system equivalency still to be formally validated.
- Incomplete cladding technical submissions.
- Partial procurement and storage of structural steel for Phase 1 and 2.

These challenges collectively extended foundation works beyond the planned timeframe and deferred the commencement of major superstructure activities.

EXPLANATION OF RISKS AND ISSUES ARISING DURING IMPLEMENTATION AND HOW THEY WERE MANAGED

Technical Risks

- **Pile integrity issues** (Piles #4 and #32) posed structural risks.
  Mitigation: Immediate engineering reassessment, preparation of revised drawings, and supervision adjustments by NIPDEC.

Operational and Site Risks

- **Restricted site access** and limited working space hindered manoeuvrability and productivity.
  Mitigation: Staggered equipment movement and phased execution of piling works.
- **Delays due to equipment breakdown** (e.g., concrete batching plant).
  Mitigation: Standby supply arrangements explored and batching plant repairs expedited.

Regulatory and Approval Risks

- Delays in obtaining approvals from WASA, POSCC, and the Building Inspectorate created risks to project sequencing.
  Mitigation: Continuous follow-ups, revised submissions where required, and engagement with agencies to ensure compliance.

Supply-Chain Risks

- Long-lead items (HVAC, cladding, structural steel) experienced procurement delays.
  Mitigation: Early identification and reservation of materials, verification of technical equivalency, and staged delivery.

Overall, risks were actively monitored by NIPDEC through its engineering and project management framework, with mitigation plans implemented as issues arose.

WHETHER THE PROJECT MET THE ORIGINAL BUSINESS NEED

The project is **in progress** and has **not yet reached completion**, but continues to align with the original business need:

- The redevelopment of **43 Independence Square into a modern four-storey retail, incubation and event facility** remains consistent with the public purpose defined under the Land Acquisition Act.
- Completed activities—demolition, geotechnical studies, design finalisation, statutory approvals, procurement of long-lead items, and commencement of foundation works—reflect **clear advancement toward delivering the intended incubator and commercial hub**.
- The project is expected, upon completion, to **support micro-enterprise development**, stimulate commercial revitalisation in downtown Port of Spain, and optimise the use of under-utilised urban land.

Thus, while delivery is ongoing and delayed, the project continues to meet and advance the original business and development objectives.

Contractor experienced issues with the workers on the site. 2. Snags identified had to be rectified at the contractor's expense to ensure compliance with specifications. 3. Schedule Delay - The need to rework, combined with funding challenges, extended the project timeline, resulting in completion being deferred to 2024. Mitigation: 1. Prequalification: Ensure sub-contractors are properly vetted based on technical capacity, experience, and financial stability. 2. Supervision and Oversight: Require the main contractor to implement a strong on-site management structure with regular supervision and performance reviews of sub-contractors. 3. Communication Protocols: Establish clear reporting lines and meeting schedules to enhance coordination between all parties. 4. Hold Points: Implement hold points in the work process where approval is mandatory before proceeding to the next stage. Outcome: The project met its core objectives of improving stability, drainage efficiency, and community accessibility, thereby fulfilling its original purpose and business need. Lessons: 1. Effective Sub-Contractor Management is Critical: Proper vetting, clear communication, and close supervision of sub-contractors are essential to maintain quality and progress. 2. Quality Must Be Monitored Continuously: Early detection of defects and consistent QA/QC oversight prevent rework and project delays.

Contractor Funding - this programme utilized small contractors within the area, as a result, their finances may not have been sufficient to execute the entire project, unless there was a frequent injection of payments by EPOS. 2. Schedule Risks - several factors could have affected the schedule (weather, terrain, issues with the beneficiary, etc.) 3. Security Risks. 4. Quality Risk - the qualifications and experience of the small contractors may be limited and as a result quality might have been affected. Mitigation: 1. Payments - allocate and receive funding prior to commencement to facilitate timely payments to contractors once invoices and works are verified. 2. Ensure monitoring is done frequently. 3. Where possible provide training for contractor on relevant topics. Outcome: The project met its core objective of delivering bathroom facilities to families who were using latrine facilities. Lessons: 1. Small local contractors may lack sufficient capital to sustain project execution independently. Regular, timely payments are crucial to maintain progress and prevent work stoppages. 2. Implementing strict quality control measures, on-site supervision, and capacity-building support (training or mentoring) ensures compliance with project standards.

The box drain was 170'-0" x 2'-0" x 2'-4", with a 4" thick reinforced base and 6" x 8" x 16" concrete block walls, filled with concrete and reinforced with bars and PVC pipes. The steps were 20' x 7', with 8" risers, 12" treads, and reinforced with ½" bars. The ground beam was 10" thick with 4-1/2" H.T. bars and stirrups. The side wall was 20' x 3', made of 4" x 8" x 12" hollow clay blocks, rendered on both sides.	$ 233,365.16	$174,804.79	-$58,560.37	07/04/2025	06/07/2025	05/04/2025	17/06/2025	-19	The project was completed within schedule, however there was a delay in commencement due to awaiting confirmation of source of funds.	174,804.79	Risks: 1. Delayed Project Commencement - The project experienced a delay at the start due to awaiting confirmation of funding from the Ministry. While this did not affect the overall completion date, it temporarily impacted the project schedule and resource mobilization. 2. Site Safety Risks - Construction of elevated steps, reinforced walls, and concrete works posed potential safety hazards for workers, requiring proper PPE, supervision, and adherence to safety protocols. Mitigation: 1. Funding Confirmation Protocols - Maintain early and continuous communication with funding authorities to secure approvals. 2. Safety Plan Implementation - Enforce proper PPE, and fall protection for workers. 3. Safety Audits - Perform routine inspections and safety briefings to ensure compliance with safety protocols. Outcome: The project successfully delivered the intended infrastructure improvements, improved drainage and pedestrian safety, and met the original business need for reliable and durable public works. Lessons: 1. Early Funding Confirmation is Critical - Delays in receiving funding approvals can postpone project commencement, highlighting the need for proactive coordination with funding authorities. 2. Site Safety is Paramount - Proper safety protocols, PPE enforcement, and regular briefings are essential, especially for elevated works and reinforced structures. 3. Project Completion Achieved Despite Challenges - Effective mitigation of funding delays and technical risks enabled the project to be completed on time and meet its intended purpose.

FINANCIAL STATEMENT

INFRASTRUCTURE DEVELOPMENT FUND

FOR THE FINANCIAL YEAR ENDED 30 SEPTEMBER, 2025

NOTES TO THE FINANCIAL STATEMENTS

Project Background

The Ministry of National Security (MNS) through the Trinidad and Tobago Police Service (TTPS) engaged the Urban Development Corporation of Trinidad and Tobago Limited (UDeCOTT) to provide project management services for the Ministry's current programme for facility upgrade.

UDeCOTT's role with respect to the TTPS is to execute the Ministry of National Security construction program which consists of eighteen (18) police stations throughout all nine (9) operational divisions within Trinidad and Tobago. The formal agreements between MNS, TTPS and UDeCOTT were executed on 7th February 2012 and on 10th May, 2012.

The 18 police stations are categorized by phases. There are four phases:

Phase 1	Phase 2	Phase 2A	Phase 3
Arima	St. Joseph	Manzanilla	Maracas Bay
Maloney	Maracas St. Joseph	Matelot	
Piarco	Besson Street	Mathura	
Cumuto	St Clair	Roxborough	
Brasso		Old Grange	
La Brea			

Phase 1	Phase 2	Phase 2A	Phase 3

2. **PROJECTS FOR WHICH CONTRACTS WERE AWARDED**

UDeCOTT was engaged to execute the construction program for the Relocation of the TTPS Administrative Support Center to Trinidad House. Approval was granted by Cabinet Minute No. 2194-2022/12/15 dated December 15, 2022. Work commenced in fiscal year 2023.

PROJECT BUDGET

PROJECT	PROJECT BUDGET
Relocation of the TTPS Administrative Support Centre (Trinidad House)	$27,571,008.38 Source Cabinet Minute

3. **VARIANCE AND RELEVANT EXPLANATIONS BETWEEN ACTUAL COSTS AND ORIGINAL ESTIMATES**

Differences between the actual costs and the original estimate are due to the fact that works performed exceeded anticipated amount in the allocation.

4. VARIANCE AND RELEVANT EXPLANATIONS BETWEEN ACTUAL COSTS AND REVISED ESTIMATES

The variance on the Relocation of TTPS Administrative Support Centre (Trinidad House) is due to the delays in the payment processing of invoices.

5. REASONS FOR CHANGES IN BUDGETARY ALLOCATION

The progress of work on Trinidad House was less than anticipated and provided for in the allocation, and there were delays in the submission of costing by the contractor.

6. VARIANCE BETWEEN ACTUAL DELIVERY AND BUDGETED MILESTONES

The variance was related due to the age of the building and delayed costing from the contractors for mandatory variations.

7. EXPLANATIONS REGARDING RISKS AND OTHER ISSUES THAT AROSE DURING IMPLEMENTATION

No major issues.

8. WHETHER THE PROJECT MET THE ORIGINAL BUSINESS NEED

Yes. The objective of providing police officers with accommodation fit for purpose and OSH compliant was accomplished.

9. There was one (1) invoice on hand at 30th September, 2025 in favor of:

- Trinidad House Refurbishment Invoice No. 041236 dated 15th April 2025 in the sum of $1,057,783.06.

TOTAL	**$35,922,455.45**

Brief Description of Activities:

1. 701/77/003/01/D/289 – Upgrading/Construction of Fishing Facilities in Trinidad:

Cabinet (Minute No. 1281 of 25/8/2016) approved the construction of the Carenage Fishing Facility at a cost of $28,000,000 and the Urban Development Corporation of Trinidad and Tobago (UDeCOTT) was given the responsibility for managing the project.

Subsequently, Cabinet by Minute No. 1357 of 16/8/2018 approved a number of additional works which were not covered within the contractor's original scope of works.

The Ministry of Agriculture and Fisheries (MAF) and the UDeCOTT, are presently undertaking a reconciliation exercise to determine the outstanding payments for the Fish Fry and the Fishing Facility. Therefore, no funds were expended in this Fiscal Year.

2. 701/77/003/01/J/002– Infrastructural projects by PSAEL (Palo Seco Agricultural Enterprise Limited):

By a Memorandum of Understanding (MOU) dated January 11, 2024, the MAF and the PSAEL signed a MOU to implement agricultural infrastructure works, which include the construction and/or rehabilitation of access roads, bridges and drainage.

Notes to the Financial Statements

Note 6

i. There were significant activities during the financial year outside of the normal payments to Educational Institutions.

Note 7

i-vi The total releases were less than the allocation by $116,967,531.00 This resulted in some claims received from Institutions being carried forward for payment in fiscal 2025/2026.

NAME OF CERTIFIED ACTIVITY	Recyclable Solid Waste Collection Project
GREEN FUND FOCAL AREA	Remediation of the environment
DATE OF EXECUTION OF MOA	19-Jun-15
DATE OF EXPIRATION OF MOA	31-Mar-26
TOTAL GRANT	$107,754,431.00
PROJECT SUMMARY	To prepare the country for the passage of the EMA Solid Waste Rules and other relevant legislation with respect to a deposit and refund system.
MAIN PROJECT OBJECTIVES	• To encourage the public to collect and sort and responsibly dispose of recyclable solid waste from their homes, schools, offices etc. for recycling, and thereby reduce the amount of recyclables entering the landfill. • To encourage the public to drop off their old tyres and e-waste to the Collection Depots, thereby reducing the number of tyres and e-waste indiscriminately disposed in the environment. • To engender an attitude of conservation, and prepare the public for the introduction of EMA Solid Waste Rules and other relevant legislation. • To inform the public of the details of the project, and the consequences of indiscriminate disposal of waste, in particular beverage containers, e-waste and tyres, into the environment, through a public education campaign. • To establish collection and processing facilities that can continue operations after the implementation of the EMA Solid Waste Rules and other relevant legislation. • To determine changes in the public's attitude towards indiscriminate disposal of recyclable solid waste. Also, to compare the number of recyclable solid waste collected from the environment versus collected from the public. • To develop an "Environment Seal" and certification programme to encourage the private sector to voluntarily participate in the project.
