AUDITOR'S REPORT

AUDITOR'S REPORT

REPORT OF THE AUDITOR GENERAL OF THE REPUBLIC OF TRINIDAD AND TOBAGO ON THE PUBLIC ACCOUNTS OF TRINIDAD AND TOBAGO FOR THE FINANCIAL YEAR ENDED SEPTEMBER 30, 2025

QUALIFIED OPINION

1. The Public Accounts of Trinidad and Tobago for the financial year ended September 30, 2025 as defined by Section 24 of the Exchequer and Audit Act, Chapter 69:01 have been audited. These Public Accounts comprise:

    (i) Statements of the Treasury showing the financial position of the Republic of Trinidad and Tobago as at September 30, 2025;
    (ii) Appropriation Accounts of individual Accounting Officers for the year ended September 30, 2025;
    (iii) Statements of Receipts and Disbursements of individual Receivers of Revenue for the year ended September 30, 2025; and
    (iv) Financial Statements of individual Administering Officers of Funds for the year ended September 30, 2025.

    The Public Accounts which are contained in Volumes I, II Parts A and B, and III, accompany this Report.

2. In my opinion, except for the possible effects of the matters described in the *Basis for Qualified Opinion* section of my Report, the Public Accounts referred to at paragraph one (1) above present fairly, in all material respects, the financial assets and liabilities of the Central Government as at September 30, 2025 and the revenue and expenditure of Government Ministries and Departments for the financial year ended September 30, 2025 in accordance with the cash basis of accounting.

BASIS FOR QUALIFIED OPINION

3. **Revenue**

(i) There were material differences in value added tax and individual income tax revenues when comparing figures shown on three main accounting records; the *Statement of Revenue* (Treasury Record), the *Statement of Receipts and Disbursements* (Inland Revenue Division) and *GenTax Reports* (Inland Revenue Division). These differences remained unreconciled at year end. I was unable to determine whether any additional adjustments might have been found necessary in respect of reported tax revenue of $36.56 Billion.

Expenditure

(ii) Supporting documents were not provided to verify payments of $1.59 Billion, representing approximately 2.43% of total reported expenditure of $65.45 Billion. I was unable to verify the occurrence, accuracy and classification of these transactions and was unable to determine whether any adjustment to the total reported expenditure was necessary.

4. The audit was conducted in accordance with principles and concepts of International Standards of Supreme Audit Institutions (ISSAIs). The Auditor General's responsibilities under those standards are further described in the *Auditor General's Responsibilities for the Audit of the Public Accounts* section of this report. The Auditor General is independent of the Central Government in accordance with the ethical requirements that are relevant to the audit of the Public Accounts and other ethical responsibilities have been fulfilled in accordance with these requirements. It is my view that the audit evidence obtained is sufficient and appropriate to provide a basis for the qualified opinion.

EMPHASIS OF MATTER

5. Without modifying the opinion, attention is drawn to the following:

Exchequer Account

(i) The Exchequer Account is the bank account for the Consolidated Fund. The Exchequer Account was overdrawn to a balance of ($51,939,835,864.83), an increase of $5,376,041,457.69 or 11.55% when compared to the previous year's figure of ($46,563,794,407.14). This account has been consistently in overdraft since 2003. Note 2 (ii) (a) to the *Cash Basis Consolidated Statement of Assets and Liabilities* is relevant.

Statement of Public Debt

(ii) The Public Debt comprises balances of long-term loans and credit instruments raised on the domestic and foreign markets. The Public Debt recorded at September 30, 2025 was $117,458,301,703.85. This was an increase of $7,320,988,765.68 or 6.65% from the previous year's figure. Local Loans (Domestic Debt) was $81,151,833,606.94 and External Loans was $33,595,399,568.81. Included in the Public Debt was a balance of $2,711,068,528.10 for Loans serviced under Head 18- Ministry of Finance. The percentage of Public Debt (local and external) to Total Revenue was 191% for the year. Notes 2 and 23 to the *Statement of Public Debt* are relevant.

Charges on Account of the Public Debt

(iii) Charges on Account of the Public Debt comprise principal repayments, interest and other payments. These charges of $12,548,302,537.50 increased by 4.16% when compared to the previous year's figure and accounted for 19.17% the Total Expenditure of $65,451,023,477.76 for the financial year. Note 25 to the *Statement of Public Debt* is relevant.

RESPONSIBILITIES OF MANAGEMENT: TREASURY, ACCOUNTING OFFICERS, RECEIVERS OF REVENUE AND ADMINISTERING OFFICERS FOR THE PUBLIC ACCOUNTS

6. The Treasury, Accounting Officers, Receivers of Revenue, and Administering Officers are responsible for the preparation and fair presentation of the Public Accounts in accordance with the accounting framework as prescribed by the Treasury, and for such internal control as management determines is necessary to enable the preparation of the Public Accounts that are free from material misstatement, whether due to fraud or error.

7. The Treasury, Accounting Officers, Receivers of Revenue and Administering Officers are responsible for overseeing the financial reporting process of Ministries and Departments.

AUDITOR GENERAL'S RESPONSIBILITIES FOR THE AUDIT OF THE PUBLIC ACCOUNTS

8. The Auditor General's responsibility is to express an opinion on the Public Accounts based on the audit and to report thereon in accordance with section 116(2) and (4) of the Constitution of the Republic of Trinidad and Tobago, Chapter 1:01 and Section 25(1) of the Exchequer and Audit Act, Chapter 69:01.

9. The Auditor General's objectives are to obtain reasonable assurance about whether the Public Accounts as a whole are free from material misstatement, whether due to fraud or error, and to issue an audit report that includes her opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the principles and concepts of ISSAIs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Public Accounts.

10. As part of an audit in accordance with the principles and concepts of ISSAIs, the Auditor General exercises professional judgement and maintains professional skepticism throughout the audit. The Auditor General also:

    - Identifies and assesses the risks of material misstatement of the Public Accounts, whether due to fraud or error, designs and performs audit procedures responsive to those risks, and obtains audit evidence that is sufficient and appropriate to provide a basis for an opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

    - Obtains an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Ministries and Departments' internal control.

    - Evaluates the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

    - Evaluates the overall presentation, structure and content of the Public Accounts, including the disclosures, and whether the Public Accounts represent the underlying transactions and events in a manner that achieves fair presentation.

11. The Auditor General communicates with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that were identified during the audit.

REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS

Payments Made Out of Public Moneys to Members of Parliament

12. Section 25(2) of the Exchequer and Audit Act, Chapter 69:01 requires the Auditor General to set out in her annual report all payments made out of public moneys to a member of each House of Parliament (other than the salary and any allowances and any pension paid to him as specified in that section).

13. Details of these payments are given at Chapter 5 of the Report.

Consolidated Statement of Arrears of Revenue

14. Financial Regulation 57(3) made under Section 45(1) of the Exchequer and Audit Act, Chapter 69:01 stipulates that the Auditor General shall report to the Minister any undue delays in the collection of revenue.

15. At financial year end, total arrears of revenue reported on the *Consolidated Statement of Arrears of Revenue* was $59,845,393,543.00. It was noted that *Returns of Arrears of Revenue* were not received from certain Receivers of Revenue.

16. The Chairman, Board of Inland Revenue was responsible for collection of $53,165,548,239.00 (89%) and the Permanent Secretary, Ministry of Energy and Energy Industries was accountable for collection of $6,033,536,624.00 (10%) of the total arrears of revenue outstanding.

Ministry of Housing and Urban Development

17. Section 9(2)(c) of the Exchequer and Audit Act, Chapter 69:01 states that the Auditor General shall satisfy herself that all money expended has been applied to the purpose or purposes for which the same was granted by Parliament and that such expenditure conforms to the authority which governs it and has been incurred with due regard to the avoidance of waste and extravagance.

18. A sum of $78,071,196.00 allocated under Infrastructure Development Fund - Affordable Housing Programme was released by the Ministry of Housing and Urban Development to the Housing Development Corporation (HDC) for housing and infrastructure works.

    However, HDC used the moneys to pay various contractors engaged directly by the HDC for services such as grass cutting, garbage collection, and drain cleaning. This use of funds was inconsistent with the approved purpose and contrary to applicable financial directives.

SUBMISSION OF REPORT

19. This Report is being submitted to the Speaker of the House of Representatives, the President of the Senate and the Minister of Finance in accordance with the requirements of Section 116(4) of the Constitution of the Republic of Trinidad and Tobago, Chapter 1:01.

AUDITOR GENERAL

CHAPTER 1 ROLE OF THE AUDITOR GENERAL

Supreme Audit Institutions

1.01 Supreme Audit Institutions (SAIs) are public oversight institutions which audit a government's use of public funds.

1.02 The Supreme Audit Institution of Trinidad and Tobago, the Auditor General's Department, is the nation's oversight body which:-

Conducts audits of government revenue and expenditure to ensure the accuracy and reliability of financial reporting.

Scrutinises financial management systems and reporting to ensure public resources are used as prescribed.

Assesses compliance with laws, regulations and policies, ensuring public entities operate within the approved framework.

Checks that expenditure has been incurred with due regard to the avoidance of waste and extravagance.

Acts as a critical link in the national accountability chain through independent audits of public resources.

Submits Audit Reports to:

- the Speaker of the House of Representatives.
- the President of the Senate.
- the Minister of Finance.

Office of the Auditor General

Legislation

1.03 The authority of the Auditor General to audit and report is defined in legislation. The Constitution of the Republic of Trinidad and Tobago Chapter 1:01 and the Exchequer and Audit Act, Chapter 69:01 are the key pieces of legislation that govern the work of the Auditor General.

Constitution of the Republic of Trinidad and Tobago, Chapter 1:01

1.04

- **Section 116** - Establishment of Office of the Auditor General.
- **Section 116(2), (4) & (5)** - The Auditor General is required each year to audit the Public Accounts and submit an Annual Report to be laid before the Senate and the House of Representatives.
- **Section 116(6)** - Independence of the Office of the Auditor General.

Exchequer and Audit Act, Chapter 69:01

1.05

- **Section 24**
  Transmittal of Public Accounts to the Auditor General by January 31 each year.
- **Section 25**
  Audit Report on the examination of the Public Accounts to be submitted to the Minister of Finance by April 30 each year.
- **Section 25(2)**
  Report of payments made out of Public Moneys to Members of Parliament.
- **Section 25(3)**
  Minister of Finance to lay the Report of the Auditor General in Parliament within 30 days of its receipt by him.

1.06 The Public Accounts include:

- Accounts of the Treasury
- Appropriation Accounts of Ministries and Departments
- Statements of Receipts and Disbursements
- Funds and Accounts of Administering Officers

1.07 The Public Accounts for the financial year 2025 (1st October 2024 to 30th September 2025) included over **150** Accounts and Financial Statements received for audit in accordance with section 24 of the Exchequer and Audit Act, Chapter 69:01 (the Act). Annex at the end of Chapter 1 gives the full listing.

Audit Approach

1.08 A risk based assessment was adopted in determining the areas to be covered in this audit. Examination of accounting books and records, IT systems, files, documents, physical verification, site visits, audit surveys and interviews were some of the methodologies employed in the conduct of the audit.

1.09 The systems of internal controls were reviewed with regard to the integrity and reliability of financial reporting and compliance with laws, financial regulations, directives and government policies.

Audit Findings

1.10 The audit observations reported are based on the information and evidence gathered. As audits are conducted on a sample basis, all irregularities and deficiencies may not be revealed. Audit findings are conveyed to Permanent Secretaries/Heads of Departments by way of Management Letters. Copies of these Management Letters are also sent to the Permanent Secretary, Ministry of Finance.

1.11 The more significant audit findings are highlighted in this Report.

Audit Recommendation

1.12 This audit aims to strengthen financial governance of the Public Service and enhance the accountability and transparency of Ministries, Departments and Agencies as custodians and stewards of public resources.

Accountability	• Those in power are held responsible for their actions and decisions.
Transparency	• Information about government operations and decision making processes is readily available for public scrutiny.

1.13 It is recommended that a whole of government approach is taken on the way forward for a more integrated path to address the concerns expressed in this Report.

CHAPTER 2 ACCOUNTS OF ACCOUNTING OFFICERS

EXPENDITURE

Restructuring of Ministries

2.01 Comptroller of Accounts Circular No. 17 dated August 4th 2025 drew attention to changes to Ministerial portfolios.

2.02 These changes entailed:

- the de-establishment of 7 Ministries;
- the establishment of 10 new Ministries;
- changes to the names and portfolios of 4 Ministries;
- changes to the portfolios of 7 Ministries; and
- changes to the names of 2 Ministries.

2.03 Although the changes to the Ministerial portfolios took effect from May 12, 2025, no adjustments were made to the Heads of Expenditure for the period up to September 30, 2025.

2.04 For reporting purposes the Heads of Expenditure for the financial year 2025 remained unchanged.

Parliamentary Approval

2.05 Parliament approved $70,427,223,058.00 to meet expenditure for the service of Trinidad and Tobago for the Financial Year 1st October 2024 to 30th September 2025 (financial year 2025).

Appropriation Accounts

2.08 In accordance with section 24(1)(b) of the Exchequer and Audit Act, Chapter 69:01 Accounting Officers shall prepare and transmit to the Auditor General, Appropriation Accounts for the financial year ended 30th September 2025 by 31st January 2026.

2.09 Appropriation Accounts in respect of 41 Heads of Expenditure were received in the Auditor General's Department as at 31st January 2026. Appropriation Account for one Head of Expenditure was received after the deadline, as shown below:

Ministry/Department	Date Received

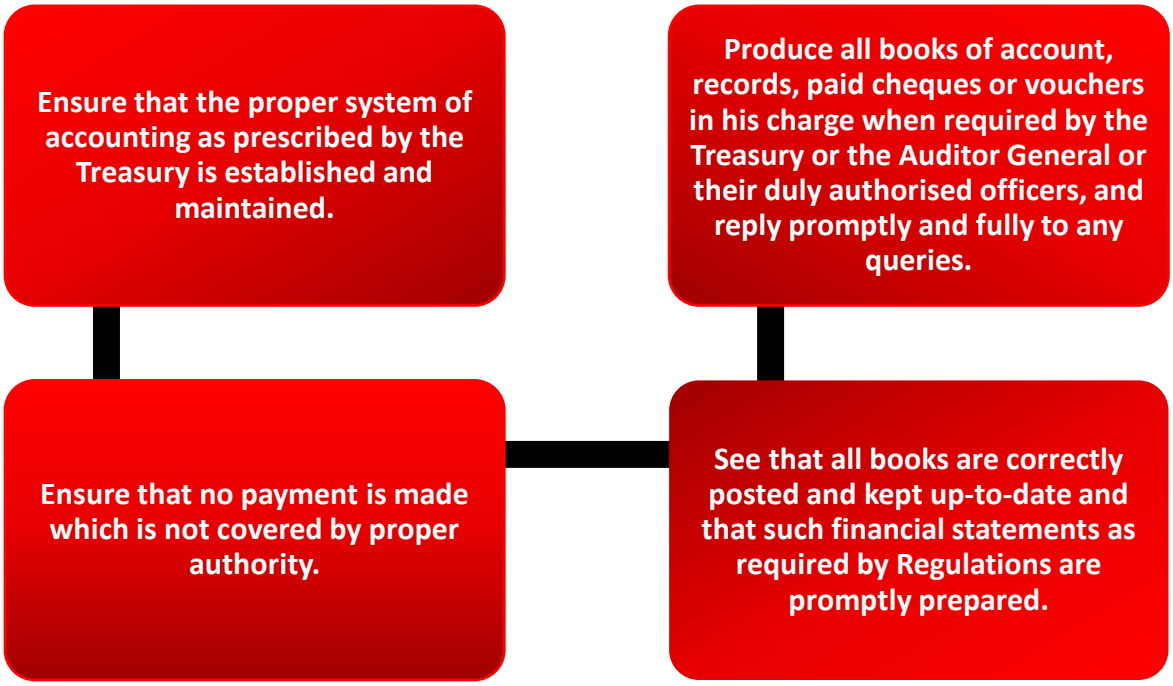
Accounting Officers

2.10 An Accounting Officer shall be appointed by a letter addressed personally to him by the Minister of Finance setting out in detail his duties and responsibilities. An Accounting Officer is personally and pecuniarily responsible for ensuring–

That the financial business of the State for which he is responsible is properly conducted and is answerable to the Public Accounts Committee.

That public funds entrusted to his care are properly safe-guarded and are applied only to the purposes intended by Parliament.

2.11 It is the duty of an Accounting Officer to–



Audit Findings

2.12 The audit findings in this Chapter are divided into:-

- General Matters affecting Ministries, Departments and Agencies (MDAs); and
- Issues related to a specific Ministry or Department.

2.13 The areas reported on, covered:

Non-compliance with legislative requirements, rules and regulations and other directives	Weaknesses in the system of internal control	Improper maintenance of accounting books and records	Breach of section 116(2) of the Constitution which allows the Auditor General or authorised persons to have access to all books, records, returns and other documents relating to the Public Accounts

GENERAL MATTERS

Unauthorised Collection of Cheques

2.14 There was widespread breach of Financial Instruction 118(1) which states:

> ***"Paying officers shall make payments only to the persons named in the cheques or their properly authorised representatives"***

2.15 In many MDAs evidence showed that the persons collecting cheques were not authorised to do so, contrary to Financial Instruction 118(2) which states:

> ***"Paying officers shall satisfy themselves that the person claiming the payments is the person authorised to receive the amount"***

2.16 Letters showing name of authorised representatives and specimen signature of the representatives were not on file for review by Audit. In certain instances, employees of MDAs signed for cheques without proper authorisation from the payee.

2.17 **This breakdown of internal controls governing the collection of cheques, may increase the risk of fraudulent activities or corrupt practices at MDAs.**

2.18 Attention is dawn to Financial Instruction 120(2) which warns:

> ***"If in any case payment is made to the incorrect person and cannot be recovered, the paying officer shall be surcharged with the amount unless he can show to the satisfaction of the Minister of Finance that he had taken all necessary steps to identify the payee"***

Payment Vouchers

2.19 Highlighted below is Financial Regulation 76:

> ***"All vouchers shall contain full particulars of each service so that they may be checked without references to any other document***
>
> ***If for any reason it is impracticable to give full particulars on any such voucher, there shall be complete reference to the files of accounting records in which the details are contained"***

2.20 During the examination of expenditure, Contracts and other documents to support payments were not provided for audit purposes. This resulted in uncertainty as to whether:

- all issues and payments were made in accordance with proper authority; and
- all payments were properly chargeable and supported by sufficient vouchers or proof of payment.

2.21 Sampled expenditure of $1.59 Billion could not be verified.

Storage of Vouchers

2.22 Financial Instruction 34 which is directed to Accounting Officers states:

> ***"Accounting officers shall exercise the strictest control over vouchers passed for payment. All such vouchers shall be carefully preserved and properly stored in a fire-proof safe or vault"***

2.23 There was non-compliance with this Instruction by many MDAs.

Reconciliation Statements of Monthly Abstract of Payments and List of Unpaid Cheques

2.24 The Reconciliation Statements of Monthly Abstract of Payments and List of Unpaid Cheques were generally prepared three to seven months after the month to which they relate. MDAs indicated that there were late receipts of Treasury Cards which caused these late preparation of the Reconciliation Statements.

Rent/Lease - Office Accommodation and Storage

2.25 Rent/Lease – Office Accommodation and Storage is defined in the Estimates of Expenditure as:

> ***Rental or lease of building/premises housing Government offices where Government's business is carried out. Includes Car Park facilities and BOLT payments".***

2.26 An updated Master List of Properties rented by the Government was received for financial year 2025 however the process/policy for rental of buildings for use by the Government from the Ministry of Public Administration (the responsible Ministry) at the reporting date remained outstanding.

2.27 In 2024, there was a total of 237 leased properties by MDAs as seen on the Master List. The updated Master List received for financial year 2025 showed the number of properties rented by the Government reduced to 233. A comparison of the data revealed that the 2024 Master List included 16 properties which were not seen in the 2025 Master List and the 2025 Master List included 12 properties which were not seen in the 2024 Master List.

2.28 Current status of 85% of the rentals shown on the updated Master List read *"Three (3) year lease has since expired. Currently on monthly Tenancy."* Without the Lease Agreements and Cabinet Approval it could not be ascertained if the tenancy can be terminated on relatively short notice, whether applicable rent review mechanism can take place and the responsibilities for repairs, utilities and maintenance.

2.29 Rent paid for properties leased by the Government of Trinidad and Tobago for the financial year was $665,655,439.92. An increase of 35% from previous year's expenditure of $493,209,274.93. This change was mainly attributed to the Ministry of Public Administration where rent payments increased from $9,479,041.98 in 2024, to $248,802,549.86 in 2025.

2.30 By Cabinet Minute dated January 30, 2025, approval was granted for the execution of an amended maintenance agreement between the Ministry of Public Administration and Urban Development Corporation of Trinidad and Tobago (UDeCOTT) in respect of properties at the Port of Spain Waterfront.

2.31 On February 19, 2025, a thirty (30) year Sublease was executed between Port of Spain Waterfront Development Limited (POSWDL) and the President of the Republic of Trinidad and Tobago, providing for fixed semi-annual rental payments by the Government.

2.32 On the same date, POSWDL entered into a financing arrangement with UMB Bank N.A. Kansas City, Missouri, to raise US$500 Million (approx. TT$3.37 Billion) through secured notes due 2040. The arrangement was secured by POSWDL's assets, including an assignment of its rights under the Sublease and the associated rental income receivable from the Government. The total rent of US$805,156,260.00 (approx. TT$5,426,753,192.40) payable under the Sublease corresponds to the repayment amounts due under the financing arrangement. No formal Government guarantee was provided and the arrangement was treated as not impacting Government debt or direct debt service obligations.

2.33 The first semi-annual payment under the Sublease, totalling $245,659,645.86, was paid to the UMB Bank under Vote 02/005/08 – Rent/Lease – Office Accommodation and Storage. The payment was effected by the Comptroller of Accounts and subsequently reimbursed by the Ministry of Public Administration.

2.34 Supporting documentation included a Department Voucher signed on behalf of the Permanent Secretary, Ministry of Public Administration. It was not evidenced whether the signatory possessed the requisite authority to approve payment of this value. The voucher described the transaction as: *"Overseas Payment to **Ibeforo Private Limited** for the first (1st) Semi-Annual Lease Payment between Port of Spain Waterfront Development Limited & **UMB Loan Payment due 19/08/2025. Principal Letter dd 15/4/2025 (USD$16,666,666.67) Interest letter dd 15/4/2025 (USD$19,687,500.00)"***

2.35 UDeCOTT is wholly owned by the Government and POSWDL is its wholly owned subsidiary. The Auditor General is not the auditor of UDeCOTT or POSWDL.

2.36 **Although the loan is not recorded as Government Debt, it is being repaid with public funds.** This creates indirect obligation for the State and exposes it to financial risk. The arrangement may also understate the true level of public debt and reduce transparency in financial reporting.

Short-Term Employment

2.37 Short-term Employment is defined in the Estimates of Expenditure as:

> ***"Short-term or revolving employment in specific Government Departments and Agencies where each employee's term does not exceed six (6) Months".***

2.38 For the financial year, $374,812,339.14 was spent on Short-term Employment. An increase of 7% from the previous year's expenditure of $350,001,116.54.

2.39 MDAs which spent over **$15,000,000.00** under this Vote were as follows:

Ministry/Department	$
Office of the Attorney General and Ministry of Legal Affairs	40,678,368.55
Elections and Boundaries Commission	37,456,996.63

Ministry of Education	32,019,076,09
Ministry of Works and Transport	26,513,007.53
Tobago House of Assembly	25,709,921.00

2.40 While the authority to employ persons on short-term resides with Accounting Officers, Audit found that there was an absence of documented policy across MDAs on the recruitment of persons on short-term arrangements.

2.41 Additionally, there were many instances of persons' terms of employment exceeding six months. As previously reported, this is contrary to good industrial relations practices and exposes the Government to liability.

Contract Employment

2.42 Contract Employment is defined in the Estimates of Expenditure as:-

> ***"Payment of salaries for Monthly-Paid Officers employed on contract for a minimum period of one (1) year as agreed to by Cabinet and in accordance with the terms and conditions as set out by the Chief Personnel Officer. Allocation to include Employer's Contribution to National Insurance, Travelling and other approved allowances."***

2.43 The Personnel Department stipulates that Contract Employment shall obtain specifically where:

- ✓ Persons are not available to fill established positions but there is an urgent need for services;
- ✓ Additional persons are required for a special project of limited duration; or
- ✓ Specialised services required cannot be met by filling established positions.

2.44 Total Contract Employment expenditure for the financial year was $1,414,558,590.37. This represented an increase of 2% when compared to the previous year's figure of $1,384,734,313.53.

Job Evaluation Exercise Update

2.45 A contract for a Civil Service Job Evaluation exercise was signed with PricewaterhouseCoopers (PwC) on July 1, 2020 with an estimated completion date of two years.

2.46 The exercise was expected to treat with some of the position that had been contracted out for years.

2.47 An examination of the Project Status Report revealed that:

- A Compensation Survey Report which was delivered by PwC in September 2024, was reviewed by Personnel Department and deemed unacceptable.
- There was uncertainty between PwC and Personnel Department regarding payment to PwC for cost overruns, scope of works and interpretation of contract terms.
- Both parties engaged Legal Counsel to seek clarification.
- The project was 75% completed and expenditure at financial year end was $35,478,852.80

Vehicle Control

2.48 According to the Appropriation Accounts $30,937,255.03 was spent to purchase vehicles for use by MDAs in this financial year. This represented a reduction of 57% when compared to vehicle purchases of $71,743,949.85 made in the last year. Eighty-one percent of the total expenditure was spent by:

Ministry/Department	$
Trinidad and Tobago Police Service	23,065,246.15
Ministry of National Security	3,341,613.38
	26,406,889.53

Ministry of Works and Transport

2.49 A List of all Government Owned Vehicles was requested from the Ministry of Works and Transport. However, at the time of reporting none was received.

Security Services

2.50 Security Services according to the Estimates of Expenditure is defined as:

"All contracted security services"

2.52 MDAs that incurred Security Services costs over **$10,000,000.00** were:-

Ministry/Department	$
Ministry of Education	225,681,500.83
Tobago House of Assembly	82,045,246.00
Judiciary	60,472,271.58
Ministry of National Security	16,783,656.72
Ministry of Social Development and Family Services	14,358,750.73
Office of the Attorney General and Ministry of Legal Affairs	14,295,788.03
Ministry of Finance	10,848,634.98

Fees

2.53 Fees according to the Estimates of Expenditure is defined as:

"Payment of various Fees and Legal Costs incurred by Government Ministries, Department and Agencies"

2.54 Fees incurred by MDAs for the financial year totalled $455,598,344.80 according to the Appropriation Accounts.

2.55 MDAs with expenditure on Fees over $25,000,000.00 were:

Ministry/Department	$
Office of the Attorney General and Ministry of Legal Affairs	129,947,725.08
Ministry of Digital Transformation	81,792,394.85
Trinidad and Tobago Police Service	77,499,795.99
Ministry of Education	55,825,894.13
Judiciary	27,853,239.80
Tobago House of Assembly	27,686,421.00

2.56 Fess increased by 28% from $355,183,120.259 in 2024 to $455,598,344.80 for this financial year.

Examination of the Electronic Cheque Clearing System (ECCS) and Go Anywhere Platform managed by the Central Bank of Trinidad and Tobago

2.57 By letter dated June 26, 2025 the Minister of Finance requested that the Auditor General examine and report on the accounts of the Central Bank of Trinidad and Tobago (CBTT) in accordance with Section 52(2) of the Central Bank Act, Chapter 79:02.

2.58 On July 02, 2025 authorisation from the Governor of the CBTT was received to conduct the audit of the Financial Statements for the year ending September 30, 2025, in addition to whatever additional exercise the Auditor General wished to undertake.

2.59 In light of the above, an IT Audit of the Electronic Cheque Clearing System and the Go Anywhere Platform was performed in November 2025.

2.60 Irregularities and deficiencies found, were brought to the attention of the Governor of the CBTT, by way of Management Letter.

03 – JUDICIARY

Accounting Records

2.61 One of the duties of the Accounting Officer is to ensure that a proper system of accounting as approved by the Treasury is established and maintained.

2.62 As was previously reported financial documents such as Vote Books, Schedule of Accounts, Daily Abstract of Payments and Payment Vouchers were maintained in an electronic format in place of traditional paper-based accounting records.

2.63 Approval from the Treasury for the implementation and use of this system by the Judiciary was not seen by Audit.

2.64 The response from the Comptroller of Accounts on whether approval was granted to the Judiciary is reproduced below:

> The Treasury Division acknowledges the importance of digital transformation and modernization of public financial management systems.
>
> However based on our records, no formal approval or authorization has been granted to the Judiciary for the use of the aforementioned electronic documents in lieu of traditional paper-based formats.

2.65 Audit was unable to initial and date as having examined the electronic documents presented for examination.

2.66 There was no evidence of Internal Audit checks on the electronic format documents.

2.67 There was a lack of segregation of duties for payments processed. There were instances of the signature of the person checking payment vouchers and certifying the payments being the same.

CHAPTER 3

ACCOUNTS
OF
RECEIVERS OF REVENUE

CHAPTER 3 ACCOUNTS OF RECEIVERS OF REVENUE

3.01 Receivers of Revenue are responsible for all aspects of the collection of revenue and for rendering proper account of the sums received under specific Heads of Revenue assigned to them.

3.02 The Letter of Appointment which is issued to each Receiver of Revenue details the responsibility of a Receiver of Revenue as follows:

"In order that there may be no misunderstanding, it is emphasized that under the heading of collection your responsibility covers all the following stages: -

- *Ascertaining the existence of liabilities*
- *Ensuring that correct charges are levied*
- *Establishing written records of sums due and paid*
- *Taking proper steps to secure payment."*

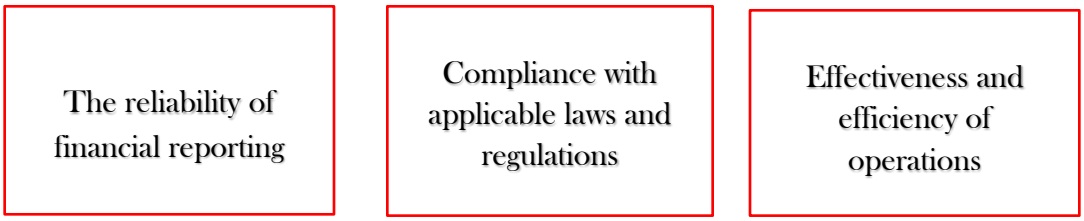
3.03 Two most important objectives when auditing Revenue are to ensure:

Completeness all transactions and events that should have been recorded have been recorded.

Accuracy amounts and other data relating to recorded trasanctions and events have been recorded appropriately.

Audit of Revenue

3.04 A well-defined audit scope allows auditors to thoroughly assess an entity's financial records, transactions and controls. The system of internal control implemented and maintained by those charged with revenue collection should provide reasonable assurance on:



Revenue Collected

3.05 The Statement of Revenue submitted by the Treasury showed the total actual revenue collected for the financial year was $60,059,626,425.33. While the Total Revenue was $60,059,626,425.33, the earned revenue before Borrowing and Withdrawals from the Heritage and Stabilisation Fund (Extraordinary Receipts) totalled $46,585,189,806.51.

3.06 Earned revenue of $46,585,189,806.51 accounted for 78% of total revenue whereas Borrowing and Withdrawals from the Heritage and Stabilisation Fund represented 22% of total revenue.

3.28 Comptroller of Accounts Circular No. 13 dated August 8, 2025 reminded Receivers of Revenue of their reporting responsibility and provided detailed instructions with respect to the preparation and submission of Statements of Receipts and Disbursements for the year.

Examination of Revenue Records

3.29 Audit Findings noted in the examination of revenue records of some Ministries and Departments follow.

INDUSTRIAL COURT

3.30 The letter of appointment of Receiver of Revenue for the Registrar, Industrial Court was not provided for audit.

3.31 Revenue for sale of Publications of $465,084.00 shown on the Statement of Receipts and Disbursements differed by $19,055.25 when compared to the Treasury Card figure of $446,028.75.

MINISTRY OF FINANCE

Inland Revenue Division

3.32 The Inland Revenue Division of the Ministry of Finance is the main tax collection agency in Trinidad and Tobago. Section 4 of the Income Tax Act, Chapter 75:01, establishes the official secrecy provisions regarding an individual's income or income-related information. The interpretation and application of these secrecy provisions by the Board of Inland Revenue have consistently posed challenges to revenue audits conducted. As far back as 2012 the Inland Revenue Division restricted the legal right of access of the Auditor General to all documents.

3.33 In a letter dated April 12, 2023, the Attorney General confirmed that his office would apply to the Supreme Court for an interpretation of the secrecy provisions. Subsequently, in a letter dated December 13, 2024, the Attorney General stated that Counsel had been retained to file a Construction Application for an interpretation of the secrecy provisions of the Income Tax Act and other similar secrecy provisions. However, this application has not yet been filed. **A request for an update was made to the Attorney General by letter dated March 19, 2026 but no response has been forthcoming.**

3.34 A comparison was made between figures reflected in the Statement of Revenue submitted by the Treasury and the amounts in the Statement of Receipts and Disbursements for Inland Revenue Division. Several material differences were noted between figures on the GenTax Head Report and those shown on the Statement of Receipts and Disbursements (both produced by the Inland Revenue Division). An examination of the revenue records revealed large inconsistences in sums recorded for several revenue items. The following table reflects details of material differences.

3.38 An extract from the Consolidated Statement of Arrears of Revenue is reproduced below:

The Chairman, Board of Inland Revenue has advised that the Inland Revenue Division continues its drive to encourage compliance and reduce the incidence of new liabilities going into arrears through the following measures:

- *Issuance of Assessment Notices for all tax types and liabilities in an effort to ensure total coverage of debts outstanding;*
- *Issuance of Demand Notices and Collection Letters to taxpayers in order to aggressively pursue the debt in accordance with well-established time constraints;*
- *The establishment of a Debt Write-off Committee to approve the recommended write-off of uncollectible liabilities. This action would reduce the arrears and arrive at the true collectible arrears;*
- *Reviewing of aged non-collectible debts and recommending write-offs;*
- *Registration of judgement debts at the High Court for cases with large tax liabilities which would compel defaulting taxpayers to make suitable arrangements for settlement;*
- *The offsetting of refunds against arrears of taxes owed;*
- *Increased Garnishee Order and Demand on Third Parties on arrears after due process has been followed;*
- *Intensification of the payment plans and arrangements with taxpayers for the collection of arrears of taxes. This measure will be monitored until the debt is fully liquidated;*
- *The implementation of the Online Payments of Taxes System; and*
- *The establishment of a more stringent legal and administrative policy guideline on debt collection procedures and tax clearance issuances.*

Customs and Excise Division

3.39 The Statement of Arrears of Revenue as at 30th September 2025 was not received in the Auditor General's Department.

MINISTRY OF NATIONAL SECURITY

Immigration Division

Passport and Permit Fees

3.40 At the Port of Spain office, revenue collected for March 2025 showed a difference of $3,200.00 between the Cashier's Daily total of $290,900.00 and the amount of $287,700.00 shown on the Summary of Daily Activities, Extension Statement and Statement of Fees records.

3.41 This difference of $3,200 represented fees for replacement of registration cards incorrectly classified as Passport and Permits Fees.

3.42 Revenue collected for Passport and Permit Fees were not deposited in the bank on a timely basis.

3.43 At the time of audit in July 2025, revenue collected shown on the Reconciliation Statements differed from the revenue collected shown on the Treasury Cards for the following months:

Passport and Permit Fees Collected

Month	Reconciliation Statement $	Treasury Card $	Difference $
October, 2024	2,109,981.45	971,281.45	1,138,700.00
November, 2024	1,951,354.70	1,290,854.70	660,500.00
December, 2024	1,319,046.98	926,596.98	392,450.00
January, 2025	1,438,889.02	1,752,039.02	(313,150.00)

Boarding and Clearing Fees

3.44 Contrary to Financial Regulations which require daily cash deposits into the bank, Boarding and Clearing Fees collected were not deposited in the bank on a timely basis.

3.45 Differences were noted between the revenue collected as per Reconciliation Statements and the Treasury Cards. Details are:

Boarding and Clearing Fees			
Month	**Reconciliation Statement $**	**Treasury Card $**	**Difference $**
October, 2024	70,600.00	67,100.00	3,500.00
November, 2024	95,200.00	200.00	95,000.00
December, 2024	117,300.00	120,700.00	(3,400.00)
January, 2025	71,950.00	43,850.00	28,100.00

Revenue Records

3.46 Evidence was not seen that Revenue Records were checked by Internal Audit.

3.47 Revenue Statements were not properly maintained in that revenue collected at each of the fourteen (14) ports of entry could not be easily identified.

3.48 There were unexplained differences between the amount of revenue collected shown on the Revenue Statements when compared to the revenue receipts shown in the Cash Book for the Immigration Offices at Sangre Grande, San Fernando and Point Fortin.

3.49 Revenue records were not properly secured contrary to financial directives.

Statement of Receipts and Disbursements

3.50 The letters of appointment as Receivers of Revenue, were not provided for audit examination for the Permanent Secretary, Chief Immigration Officer and the Commissioner of Prisons.

MINISTRY OF LABOUR

3.51 Return of Arrears of Revenue as at 30th September 2025 was not received in the Auditor General's Department.

MINISTRY OF PUBLIC ADMINISTRATION

3.52 Monthly Statements of Revenue were not prepared on a timely basis.

MINISTRY OF ENERGY AND ENERGY INDUSTRIES

3.53 Evidence was not seen that Revenue Records such as Revenue Cash Book, Monthly Statements of Revenue and the Remittance Register were examined by a senior officer deputed by the Accounting Officer to ensure that all entries therein were complete and accurate and that all amounts have been duly brought to account.

3.54 The Returns of Arrears of Revenue as at 31st March 2025 and 30th September 2025 were received later than the stipulated time frame of six weeks after the relevant period.

3.55 The amount of Arrears of Revenue increased from $3,153,999,946.64 in 2024 to $6,033,536,623.00 at year end, a difference of $2,879,536,676.36 or 91. %. It was noted that some amounts were outstanding since 2018.

3.56 An analysis of the Consolidated Statement of Arrears of Revenue at 30 September 2025 showed that the Permanent Secretary, Ministry of Energy and Energy Industries (MEEI) accounted for $6,033,536,623.00 or 10% of the total Arrears of Revenue figure of $59,845,393,543.00.

3.57 An extract from the Consolidated Statements of Arrears of Revenue relating to the Ministry is shown below:

The Permanent Secretary, MEEI has advised that with respect to outstanding Arrears of Revenue:

- *Royalty on Oil and Gas of $4.6Bn:*
  - *$3.03Bn relates to outstanding payments under the PSC Companies;*
  - *$968.4Mn relates to PETROTRIN for fiscal years 2016 to 2019 of which $932Mn was queried and the matter is still to be resolved;*

FUNDS AND ACCOUNTS OF ADMINISTERING OFFICERS

CHAPTER 4 FUNDS AND ACCOUNTS OF ADMINISTERING OFFICERS

HERITAGE AND STABILISATION FUND

4.01 The Heritage and Stabilisation Fund (HSF) was established in March 2007.

4.02 The HSF is denominated in the currency of the United States of America.

4.03 The purpose of the HSF is to save and invest surplus petroleum revenues derived from production business in order to:-

- cushion the impact on or sustain public expenditure capacity during periods of revenue downturn.
- generate an alternate stream of income so as to support public expenditure capacity as a result of revenue downturn.
- provide a heritage for future generations of citizens of Trinidad and Tobago.

4.04 Withdrawals from the HSF for the year was $2,775,678,061.00 (USD $410,775,702.50).

4.05 There were no deposits into the HSF for the year.

4.06 As at September 30, 2025 the balance of the HSF was $42,682,347,542.17 (USD $6,335,700,562.00).

4.07 A separate report of the Auditor General on the HSF for financial year ended September 30, 2025 was transmitted to the Minister of Finance on 27th November 2025.

4.08 Chart 2 shows movements in the HSF for financial year 2021 to 2025.

SEIZED ASSETS FUND

4.09 The Seized Assets Fund is a fund designed to manage and utilize assets confiscated from criminal activities.

4.10 It aims to redirect resources obtained from illicit activities back into society, aiming to mitigate the impact of crime and support initiatives that promote public welfare and safety.

4.11 A separate report of the Auditor General was submitted to the Minister of Finance on 29th January 2026. The balance on the fund was $93,637,776.06 as at September 30, 2025.

ACCOUNTS OF ADMINISTERING OFFICERS

4.12 Section 43(2) of the Exchequer and Audit Act, Chapter 69:01 (the Act) states as follows:

"Whenever moneys are appropriated by Parliament to establish a fund, the Treasury may establish a fund to which moneys so appropriated may be credited and from which moneys may be expended for the purposes for which the fund was established, and the Minister shall by Order amend the First Schedule by the addition of the title of the fund."

Appointment of Administering Officers

4.13 Administering Officers are appointed by the Minister of Finance to administer all moneys disbursed from Funds established under section 43 of the Act, and/or from Funds established by other legislative authority. The officers so appointed become personally and pecuniarily responsible for the Funds under their portfolio. This responsibility includes disbursements from Funds for projects that have been contracted out to special purpose state enterprises.

4.14 Administering Officers are also required, inter alia, to:

- prepare financial statements in a format approved by the Treasury for submission to the Auditor General four months after the close of the financial year in accordance with section 24(2) (a) and (b) of the Act;
- ensure that the funds entrusted to their care are properly safeguarded and applied only for the purpose specified on the Schedule to the Warrant for Withdrawal from the Funds;

- keep separate books of account and separate bank accounts in respect of each Fund; and

- ensure that a proper system of accounting as approved by the Treasury is established and maintained.

INFRASTRUCTURE DEVELOPMENT FUND

4.15 The Infrastructure Development Fund was established in accordance with Cabinet Minute No. 3216 dated 4th December 1997. Legal Notice No. 347 dated 29th December, 1997 amended the First Schedule of the Exchequer and Audit Act Chapter 69.01 to include the Infrastructure Development Fund.

4.16 The Minister of Finance in 2006 announced that a number of state owned enterprises have been established under the Companies Act as limited liability companies for the purpose of executing certain projects which fall under the portfolios of certain Ministries/Departments with a view to fast tracking the implementation process.

4.17 This meant that the relevant Ministry/Department would be able to contract out the project execution function relating to the projects to these Special Purpose State Enterprises (SPSEs) assigned to the Ministry/Department.

4.18 Where the implementation of the project is being carried out by a SPSE, all funding for projects will be provided subsequently by the Line Ministry in accordance with the Memorandum of Understanding between the SPSE and the Line Ministry.

4.19 Comptroller of Accounts Circular No. 12 dated 2005 November 09 (Circular No. 12) on the subject **"Accounting Arrangements for Disbursement of Funds from the Infrastructure Development Fund"** sets out guidelines to be followed to ensure accountability and transparency with respect to projects undertaken by SPSEs on behalf of Ministries and Departments.

4.20 During the year the Minister of Finance by warrants, authorised withdrawals of **$2,189,638,365.00** from the Infrastructure Development Fund. Information extracted from Financial Statements received showed an allocation for 198 projects. There were 113 active projects of which 109 were undertaken by SPSEs. At year end there were 85 inactive projects.

4.21 Total Expenditure of **$2,142,549,723.29** incurred by twenty-one Administering Officers can be seen in the following Table. Ministry of Tourism, Culture and the Arts did not submit a Financial Statement. Chart 3 and Table 2 show Actual Expenditure by Ministries/Departments for the Financial Year 2025.

SCHOOL PROJECTS

4.103 Considerable amounts of money are spent every year on construction and repairs of school buildings. There has been a concern over the years from the public about time taken to complete school projects.

4.104 In light of this, an enquiry into the extent construction projects were delayed, was undertaken.

4.105 The Ministry of Education, (the responsible Ministry) provided a List of school projects for audit examination. An analysis of the List showed;

- 116 school projects at various stages of construction categorised as follows:

Category	Number
Secondary Schools	21
Primary Schools	32
Early Childhood Care and Education Centres	63

- Total expenditure on 116 projects was $1,819,414,215.47
- Contracts were awarded between October 2007 and September 2017.

4.106 From the List, thirty school projects throughout Trinidad were selected for on site inspections.

Audit Findings

4.107 Of the thirty projects, seven schools were completed and in use at the time of the site visits. A listing of these schools together with costs is shown below:

School	District	Contract Amount $
La Horquetta North ECCEC	St George East	7,779,100.85
Maracas Valley ECCEC	POS & Environs	11,242,543.06

Replacement of AC unit in social worker office 6. Replacement of windows, louvres.

4.113 Drawing attention to Section 9(2)(c) of the Exchequer and Audit Act, Chapter 69:01.

> *The Auditor General shall satisfy himself that all money expended has been applied to the purpose or purposes for which the same was granted by Parliament and that such expenditure conforms to the authority which governs it and has been incurred with due regard to the avoidance of waste and extravagance.*

4.114 The following recommendations are made:

- A proper project planning system for construction and repair of schools be developed. This entails that systems and procedures should be in place to determine priority of each school project based on a needs assessment of the community which it intends to serve.
- New projects should only be commenced after due consideration is given to the effects of completion on stalled and incomplete school projects.
- For each project, costs to completion be recalculated to include additional costs to reactivate the projects given that structures were exposed to environmental elements over the years.
- For stalled and ongoing projects funding be allocated to complete the backlog of incomplete school projects based on the urgency of the needs of the school community.
- Regular monitoring and supervision mechanisms of projects be implemented or improved.

Interest on Overdraft

6.08 The Central Bank of Trinidad and Tobago (CBTT) is authorized to make temporary advances to the Government in accordance with the Central Bank Act, Chap. 79:02 Section 46(1) which states:

> *"The Bank may make temporary advances to the Government on such terms and conditions as may be agreed upon between the Bank and the Minister."*

6.09 The overdraft facility at the CBTT serves as a financing mechanism to support short-term expenditure obligations. Interest on the overdraft is calculated monthly, based on the outstanding overdraft balance at the end of each month. Interest payments are made from the Consolidated Fund via the Ministry of Finance and are treated as part of the Government's debt servicing obligations.

6.10 Information extracted from the Appropriation Account of the Ministry of Finance showed that Interest on Overdraft paid to CBTT for the financial years 2021 to 2025 were as follows:

14. LOANS FROM LONG-TERM DEVELOPMENT

By Legal Notice 90 dated April 27, 1989, the Long Term Development Fund, Caribbean Integration Fund, and the Sport, Culture and Community Development Fund were deleted from the First Schedule of the Exchequer and Audit Act, Chapter 69:01. A write-off of the balance outstanding will be sought.

15. **PRODUCTION SHARING CONTRACTS**

Under the Production Sharing Contracts, the Government of the Republic of Trinidad and Tobago is entitled to a share of the production of natural gas and crude oil from the contractors' operations. The money received is placed in the Deposit Account Head 111/570 (Production Sharing Contract). From this share of production, the Minister of Energy and Energy Industries is responsible for meeting the respective Contractor's tax and similar financial obligations to the Government. Total Payments made to the Board of Inland Revenue in respect of the financial year 2025 is *$4,234,436,831.00*. Revenue collection increased by 6.89% compared to receipts collected in the financial year 2024. Details of payments made in the financial year 2025 are shown below:-

DATE	AMOUNT
December-2024	1,231,040,530.00
March-2025	1,298,390,457.00

TOTAL	**$ 4,234,436,831.00**

16. **PETROLEUM SUBSIDY PAID TO CONTRACTORS**

In accordance with Sub-Section (2) of Section 5 of the Petroleum Production Levy and Subsidy Act 1974, Chapter 62:02, advances of *$282,207,747.96* were made in the financial year 2025 from the Petroleum Products and Subsidy Fund, for the purpose of subsidizing the prices at which Petroleum Products are sold by persons carrying on marketing businesses.

17. **ACCIDENTS VICTIMS COMPENSATION FUND**

In the 2008 Budget Statement, the Prime Minister and the Minister of Finance proposed to use the proceeds of the Insurance Premium Tax to establish an Accident Victims Compensation Fund to compensate victims of accidents caused by uninsured drivers.

18. There were no deposits or withdrawals for the financial year 2025.

19. **HERITAGE AND STABILISATION FUND**

The Heritage and Stabilisation Fund (HSF) was established by Act No. 6 of 2007, which was assented to on March 15, 2007. This Fund is denominated in the currency of the United States of America. The purpose of the Fund is to save and invest surplus petroleum revenues derived from the production business to cushion the impact on, or sustain, public expenditure capacity, and to generate an alternate stream of income to support public expenditure capacity during periods of revenue downturn and to provide a heritage for future generations.

20. As at September 30, 2025, the balance in the HSF stood at USD *$6,335,700,561.45* (approximately *TT$42,918,035,603.26*. Withdrawals amounted to *USD $410,775,702.50,* equivalent to *TT$2,782,594,608.74* for the financial year 2025. There were no deposits for the 2025 financial year.

21. **CONTINGENCIES FUND**

The Exchequer and Audit Act, Chapter 69:01 Part IV, Section 16 provides for the establishment of a Contingencies Fund not exceeding in aggregate *$1.5 million* or such greater sum as Parliament may by resolution approve. The Contingencies Fund now stands at *$100 million*. Over the years, the Fund has increased, with the most recent increase being *$75 million*. Legal Notice No. 203 of 2006 is relevant.

22. The purpose of the Fund is to defray unforeseen expenditure which has not been provided for by the Appropriation Act relating to that year and where the circumstances are such that the expenditure cannot, without injury to the public interest, be postponed until adequate provision is made by Parliament. Supplementary funding must be provided in the same financial year to clear all expenditure incurred in respect of advances from the Contingencies Fund.

23. There were no Advances from the Contingencies Fund for the financial year 2025.

INTRODUCTION

PART 1

MINISTER OF FINANCE

In accordance with the Exchequer and Audit Act, Chapter 69:01, "Treasury" means the Minister and includes such officer or officers in the Ministry of Finance as may be deputed by the Minister to exercise powers and to perform duties under this Act."

2. The Minister of Finance is responsible for the control and management of the financial affairs of the State. One of the core agencies through which this is accomplished is the Treasury Division. Most of the responsibilities of the Treasury Division emanate from various laws and regulations, the principal of these being the Constitution of the Republic of Trinidad and Tobago (Chapter 8); the Exchequer and Audit Act, Chapter 69:01; the Financial Regulations to the Exchequer and Audit Act; the Exchequer and Audit (Electronic Funds Transfer) Regulations, 2015; the Financial Instructions 1965; the Electronic Funds Transfer (EFT) Financial Instructions for Collection of Public Moneys Via LINX Debit Card/ Credit Card Online Solution, 2020.

TREASURY DIVISION

Vision

3. To be the premier Public Sector institution in the region for innovative public financial management and accountability systems.

Mission

4. To contribute to enhancing the quality of life of citizens, by promoting good governance of the State's resources through the provision of dynamic Financial Management Systems and Services in a timely and professional manner.

Responsibilities

5. The core responsibilities of the Treasury Division are to provide financial management and accounting services to Ministries and Departments, to produce the Consolidated Accounts, and to ensure that the Public Accounts of the Republic of Trinidad and Tobago are laid in Parliament on a timely basis, and to administer superannuation and/or terminal benefits to retired public officers/beneficiaries. To facilitate these operations, the Treasury Division is divided into three broad functional areas as follows: -

(i) Financial Management;
(ii) Treasury Management, and
(iii) Pensions Management.

In the execution of its responsibilities for the management of the financial affairs of the State, the Treasury Division develops, implements, and monitors financial management and accounting systems throughout the Public Service. In monitoring the systems, it has the authority to inspect all offices and to have such access to all official books, documents and other records as may be necessary for the exercise of its powers, except in the case of documents relating to the income of any person that are in the possession of the Inland Revenue Division which, by virtue of Section 4 of the Income Tax Act are deemed to be secret and confidential.

Public Financial Management (PFM) Reform

6. The Government of the Republic of Trinidad and Tobago (GoRTT) has initiated reforms to strengthen the country's public financial management arrangements. These reforms are to be implemented under broad headings, including:

(i) Budget Management - covering budget preparation and execution, and introducing a new Chart of Accounts.

(ii) Treasury Operations - inclusive of the adoption of new Accounting Standards (modified cash), new reporting standards, that is, Cash Basis International Public Sector Accounting Standards (IPSAS), cash management and cash forecasting, bank reconciliation processes, and General Ledger operations linked directly to a new Chart of Accounts.

(iii) The Information Technology (IT) Environment for public financial management: introduction of a fully functional Integrated Financial Management Information System (IFMIS) with one central database and operation from one single entry point for all fiscal data classifications.

(iv) The Internal Audit Function - to align current practices with the International Professional Practices Framework of Internal Auditing standards, thereby overhauling the Internal Audit Function of the Public Service of Trinidad and Tobago.

7. The following are updates on ongoing PFM initiatives:

(a) Cash Basis International Public Sector Accounting Standards (Cash Basis IPSAS) and Treasury Accounting Reform

The International Public Sector Accounting Standards Board (IPSASB) develops accounting standards for public sector entities called International Public Sector Accounting Standards (IPSAS). The Treasury Division is seeking to adopt the IPSAS cash basis of accounting with respect to financial reporting and progress to a modified accrual basis of accounting. Cash basis is an accounting method that recognizes transactions and other events only when cash is received or paid.

Full compliance with the Standards for Cash Basis IPSAS requires the presentation of the following mandatory financial statements:

(i) Statement of Cash Receipts and Payments;
(ii) Comparative Statement of Budget and Actual Amounts; and
(iii) Notes and Accounting Policies.

Notwithstanding, additional accounting policies and disclosures can enhance the usefulness of the financial statements for accountability and decision-making purposes. In this regard, since 2019, the Treasury Division has been presenting the **"Cash Basis Consolidated Statement of Assets and Liabilities"** in accordance with the IPSAS cash basis of accounting.

Ministries and Departments have been preparing and submitting monthly and annual Cash Basis IPSAS compliant Statements of Receipts and Payments for consolidation by the Treasury Division. The key challenge is the timely submission of Cash Basis financial reports from Ministries and Departments, due mainly to the manual environment in which we operate. Further, the IFMIS will be configured to produce IPSAS Statements efficiently and in a timely manner.

(b) Chart of Accounts (CoA)

A consultant was engaged to provide consultancy services to assist the Ministry of Finance with the review and finalization of the new Chart of Accounts (CoA) in preparation for integration into the IFMIS. The Scope of Works for the Consultant included**:**

(i) A comprehensive review and advice on the new CoA.
(ii) Develop a CoA Manual and Mapping Tables.
(iii) Provide advice and recommendations on implementing the new CoA.

The consultant completed the contract and provided the following deliverables:

(i) A Revised CoA (compliant with GFS 2014 and international good practice).
(ii) Mapping Tables (between old CoA and Revised CoA).
(iii) CoA Manual (based on Revised CoA).

Having completed the new CoA and Manual, the consultant will be re-engaged to support implementation of the CoA by assisting the Budget Division with Capacity Building and Training Methodology, Stakeholder Communication and Sensitization, and the Updating of Policies and Procedures.

(c) Integrated Financial Management Information System (IFMIS)

The Expenditure-Related Modules of the IFMIS were implemented at Accounting Unit 12, Treasury Division, on February 11, 2025. These modules include Budget Execution, Purchasing and Expenditure, Treasury Management, and Vendor Administration. The functionalities within these modules allow for the processing of payments by cheque.

Progress also continued on other IFMIS functionalities, including those related to the Revenue and Cashiering Module. Work is ongoing to enable the recording of revenues received through the ASYCUDA system at the Customs and Excise Division and the GenTax system at the Inland Revenue Division within IFMIS. Also, training and capacity-building activities continued, including a Train-the-Trainer (TTT) programme with a knowledge-based assessment completed in September 2025, and Business Intelligence Reporting Tool (BIRT) Report-Writing Training for System Administrators. Refresher training and readiness assessments were also conducted in preparation for the roll-out.

In fiscal 2026, the payroll process will be closely monitored, as it is a critical criterion for the rollout. Emphasis will also be placed on re-training the administration staff to ensure they can fully support the system and its users.

(d) Reform of the Internal Audit Function

The reform of the Internal Audit function in the Central Government involves a shift toward modern public-sector internal audit practices. The overall objective of the modern internal audit function is to assist those in governance and management in effectively discharging their responsibilities and to provide advisory services and independent assurance that governance, risk management, and internal control processes are operating effectively.

Establishment of the Central Internal Audit Secretariat (CIAS)

In 2025, two (2) Assistant Directors were recruited and assumed duties on January 6, and June 2, respectively. They have since completed the following:

(i) A Draft proposal for the establishment of a Government Internal Audit and Advisory Committee (GIAAC) to provide oversight of the government's internal audit function;

(ii) Made recommendations for the removal of the CIAS as a specialized unit in the Treasury Division, Ministry of Finance, and place it in the Ministry of Finance, reporting to the GIAAC;

(iii) Drafted the Government Internal Audit and Advisory Committee's Terms of Reference and Committee Charter;

(iv) Drafted the Central Internal Audit Secretariat's (CIAS) Internal Audit Charter and Internal Audit Manual;

(v) Revised the approved Charter for the Internal Audit units within the Central Government of Trinidad and Tobago; and

(vi) Revised the Internal Audit Standards for the Central Government of Trinidad and Tobago and the Tobago House of Assembly in accordance with the revised Global Internal Audit Standards 2024, which came into effect on January 09, 2025.

Next steps

(i) Legislative amendments to the Exchequer and Audit Act Chapter 69:01 to enshrine the roles and functions of the GIAAC and the CIAS, and their oversight of the internal audit function across Central Government and the Tobago House of Assembly;

(ii) Seek Cabinet approval for the proposal for GIAAC, CIAS, and the relevant documents identified above;

(iii) Arrangements for a training programme for Internal Audit Units' staff to be facilitated by the Institute of Internal Auditors Global (IIA). The training will cover Online Instructor-Led and On-Demand courses and is scheduled for the second quarter of 2026; and

(iv) Work is ongoing to have the required staffing for the CIAS to be fully operationalized for the effective oversight and support of the Internal Audit function across Ministries and Departments. This includes seeking Cabinet approval for revisions to the CIAS structure and job descriptions.

System Upgrades

8. In fulfilling its obligations, the Treasury Division continues to improve the Financial Management and Accounting Information System to ensure greater accountability, transparency, and integrity in managing public funds. The Division also continues to upgrade its technologies to increase efficiency and improve service delivery to its customers.

9. Some of the accomplishments and system upgrades are as follows: -

(a) Electronic Funds Transfer (EFT)

Following the amendment to the Exchequer and Audit Act, Chapter 69:01, in June 2014 to facilitate EFT, the related EFT Regulations were made by the Minister of Finance in 2015. Subsequently, in 2020, the Minister of Finance approved Instructions to allow for the collection of public moneys both by LINX Debit Card and Online Credit Card to give effect to these Regulations, and in 2022, the Financial Instructions for the collection of public moneys via Payment Service Providers Retail Payments Network (PSPRPN) were approved. Further, in 2024, the PSPRPN Instructions were amended to provide for the collection of public moneys via the commercial banks' Bill Payment Internet Banking System.

During fiscal year 2025, the Treasury Division continued to work with several Ministries and Departments to roll out EFT payment options for government services. As a result, in March 2025, the Ministry of Works and Transport implemented its Online Payment services and transactions offered by the Licensing Division, including fixed penalties under the Motor Vehicle Road Traffic Act, to be paid via Online Credit/Debit Cards.

In addition, the Ministry of Finance, through technical assistance from the Andean Development Bank of Latin America and the Caribbean (CAF), engaged a consultant to advance the Government of the Republic of Trinidad and Tobago's digital transformation efforts. The main objective of the project is to enhance accessibility and ease compliance with tax obligations amongst citizens and businesses in Trinidad and Tobago by supporting legal, regulatory, and change management initiatives to digitalize the online tax payment ecosystem. Based on this consultancy's recommendation, the Ministry of Finance is currently working with key stakeholders to adopt a whole-of-state technology approach to drive and implement the digitization agenda.

The Treasury Division worked with the Inland Revenue Division and Customs and Excise Division to facilitate the collection of revenue via Linx Debit Card.

Government Ministries and Departments currently offering EFT methods for payment of government services are outlined in the table below:

Ministries and Departments	EFT Method Implemented	Services
Office of the Attorney General and Ministry of Legal Affairs	Online Credit/Debit cards	All of its services
The Judiciary	Online Credit/Debit cards and PSPRN	Court Pay Platform
Ministry of National Security - Immigration Division	Online Credit/Debit cards	ePortal Platform for the payment of e-visas and student permits
Ministry of Finance- Inland Revenue Division	Expansion of its Point-of-sale Terminals (LINX Debit Card) at the District Revenue Offices.	
Ministry of Finance- Customs and Excise Division	LINX Debit Card.	To facilitate the collection of revenue
Ministry of Trade and Industry	Online Credit/Debit cards	TTBizLink Platform

Further, the Treasury Division continues to broaden the Government's participation in the National Payments System, including the payment of Government employees' salaries via

the Automated Clearing House (ACH) system and moving toward facilitating payments to local providers and vendors via ACH.

(b) Government Payment System (GPS)

The Government Payment System (GPS) for cheque printing was upgraded in 2021 and subsequently moved to a more robust and stable environment in 2022. The GPS will be phased out incrementally as the IFMIS is implemented throughout the Public Service. The IFMIS will be a more viable alternative for Automatic Clearing House (ACH)/Real Time Gross Settlement (RTGS) transactions.

Integrated Global Payroll/Integrated Human Resource Information System (IGP/IhRIS)

10. Cabinet by Minute No. 1701 dated September 22, 2022, agreed to the transition and appropriate allocation of the IGP/IhRIS portfolio from the Ministry of Finance to the Ministry of Public Administration (MPA). With effect from October 2022, the MPA is responsible for implementing, rolling out, and managing the Electronic Human Resource Information System for the Public Service. A Circular Memorandum dated December 12, 2023, was issued by MPA for the Upgrade of the IHRIS Peoplesoft Solution to the Fusion Peoplesoft Solution. The Treasury Division continues to be responsible for Payroll management.

11. Subsequently, the Treasury Division, Ministry of Finance, prepared a draft Memorandum of Understanding (MOU) and submitted it to the Ministry of Public Administration, now the Ministry of Public Administration and Artificial Intelligence, for review as outlined in Cabinet Minute No. 1922, dated October 18, 2023, regarding Payroll responsibility. The MOU is under consideration for execution.

Commonwealth Secretariat Meridian System for Debt Recording and Management

12. In 2023, Trinidad and Tobago completed its full transition to the new and upgraded Debt Database Commonwealth Meridian, replacing the Commonwealth Secretariat Debt Recording Management System (CS-DRMS). This transition brings several advanced functionalities to the forefront, enhancing the nation's debt management capabilities.

13. The Meridian System introduced numerous improvements, including the incorporation of accounting codes, greater integration with other financial systems, and a heightened focus on developing medium-term debt management strategies. These strategies address the importance of managing contingent liabilities and improving transparency in the debt management process, and incorporate advanced functionalities to address emerging debt management requirements better.

14. The Ministry of Finance continues to liaise with the Commonwealth Secretariat as it relates to:

(i) The installation of system software updates;
(ii) The provision of built-in solutions to enhance the system's efficiency as well as improve Debt Data Quality and Transparency;

(iii) The provision of Training and Capacity Building

15. The Ministry of Finance continues to work towards improving the effectiveness of Meridian. In 2026, the Debt Management Division is looking forward to integrating Meridian with external systems, such as IFMIS, to enhance the database's recording and reporting functions through data-driven workflows.

Pensions Management Branch (PMB)

16. The institutional and legal foundation of the Pension Management Branch (PMB) is established and governed by several Acts of Parliament, supplementary guidelines, and Collective Agreements, which collectively provide the legal basis for its mandate, governance structure, and operational responsibilities. These legislative instruments define the Branch's authority in the administration, regulation, and oversight to ensure the timely payment of pensions, gratuities, and retiring allowances to officers in the Public Service, some Statutory Authorities, and gratuities to specific daily paid retirees, as well as pensions to widows and children of deceased public officers.

17. Furthermore, the operations of the PMB include ongoing engagement with all MDAs to provide guidance and ensure consistent application of established systems, procedures, and internal control standards as they relate to pension and leave management. This regular communication supports compliance with approved guidelines, promotes sound record-keeping, and strengthens the integrity and effectiveness of the Pension and Leave process across the Public Service.

18. In response to the developing nature of the Public Service, the PMB undertakes continuous reviews of its established processes to improve operational efficiency and ensure its systems remain effective and responsive.

Improved Service Delivery

19. The Treasury Division is well-positioned to enhance collaboration across the Public Service by influencing better outcomes. We aim to utilise technology to deliver flexible and secure information and communication tools and systems that support stronger collaboration, policy development, and service excellence. This will ensure excellence in our service delivery and in our contribution to good policy development and implementation.

20. The Treasury Division has embraced its role as a central agency ensuring an appropriate balance between this role and the levels of accountability and responsibility that rest with us, other central agencies, and the wider Public Service. We remain aware of our environment and government priorities in an era of fiscal restraint and maintain a responsive framework that supports the Division's aspirations.

Remarks by the Comptroller of Accounts

21. Due care, diligence, and reasonable professional judgment were applied in the preparation of these Financial Statements, which present a true and fair view of the financial affairs of the Government and constitute the Public Accounts of the Republic of Trinidad and Tobago. Notwithstanding the operational and systemic challenges encountered, the statutory and reporting objectives of this exercise were met.

22. Acknowledgement is hereby made of the cooperation and assistance provided by all Permanent Secretaries, Heads of Departments, and their respective staff. Their timely submissions, sustained engagement, and adherence to reporting requirements materially supported the Treasury Division in the discharge of its assigned responsibilities. Continued inter-agency collaboration remains essential to the effective execution of these functions.

23. Recognition is also accorded to the management and staff of the Treasury Division, whose sustained effort, professionalism, and commitment ensured the completion of this significant reporting obligation of the Government of the Republic of Trinidad and Tobago for the financial year 2025.

PART 2

SUBMISSION AND AUDIT OF THE PUBLIC ACCOUNTS OF THE REPUBLIC OF TRINIDAD AND TOBAGO

24. The Public Accounts of the Republic of Trinidad and Tobago is a significant accountability report of the Government which is prepared annually by the Treasury Division on behalf of the Minister of Finance, as required by Section 24 of the Exchequer and Audit Act, Chapter 69:01. It covers the fiscal year of the Government, which ends on September 30. The information contained in the report originates from two sources of data:

- the summarized financial transactions presented in the accounts of the Republic of Trinidad and Tobago, maintained by the Comptroller of Accounts, and
- the detailed records, maintained by Ministries and Departments.

25. Each Ministry and Department is responsible for reconciling its accounts and statements to the control accounts of the Comptroller of Accounts, and for maintaining detailed records of the transactions in their accounts and statements. The report covers the financial transactions of the Government during the year.

26. Paragraphs 24 (1) (a), (b) and (c), 24 (2) (a) and (b), and 25 (1) of the Exchequer and Audit Act, Chapter 69:01, as amended by Act No. 23 of 1998, prescribe as follows: -

24 (1) (a)

The Treasury shall cause to be transmitted to the Auditor General accounts showing fully the financial position of the Republic of Trinidad and Tobago as at the end of the financial year. These accounts are to include the following statements: -

(i) the Exchequer Account;
(ii) the Statement of Public Debt;
(iii) the Statement of Loans from Revenue;
(iv) the Statement of Revenue showing the sums estimated to be received into the Exchequer Account and the sums actually so received in the period of account;
(v) the Statement of Expenditure showing the sums to be issued out of the Exchequer Account and the sums actually so issued in the period of account;
(vi) the Statement of the Loans or Credits Guaranteed by the State;
(vii) the Statement of Assets and Liabilities; and
(viii) such other Statements as Parliament may from time to time require.

24 (1) (b)

Accounting officers shall prepare and transmit to the Auditor General appropriation accounts of the moneys expended under the votes for which they were responsible, showing the services for which, the money was voted, the sums actually expended on each such service during the period of account, and the state of each vote compared with appropriation.

24 (1) (c)
Receivers of Revenue shall prepare and transmit to the Auditor General statements of their receipts and disbursements in such forms as the Treasury may direct.

24 (2) (a)
Any officer administering a fund established under the provision of section 43 shall, in respect of the fund, prepare, sign and transmit to the Auditor General an account relating to the period of account in such form as the Treasury may from time to time direct.

24 (2) (b)
Any officer administering any trust or other fund or account not provided for in this section shall, if so directed by the Treasury prepare, sign and transmit to the Auditor General an account in such form as the Treasury may from time to time direct.

25 (1)
On receipt of the accounts prescribed by Section 24, the Auditor General shall cause them to be examined and audited and shall, within a period of seven months after September 30, prepare and submit a report on the accounts to the Minister of Finance.

27. Section 116 (4) – (5) of the Constitution of the Republic of Trinidad and Tobago requires the Auditor General to submit reports annually to the Speaker, the President of the Senate, and the Minister of Finance. The President of the Senate and the Speaker shall cause the report to be laid before the Senate and the House of Representatives at the next sitting of the Senate and the House, respectively.

28. The accounts for the financial year ended September 30, 2025, must be submitted by January 31, 2026, to the Auditor General, who is required to report on these accounts by April 30, 2026, in compliance with the statutory requirement.

STATEMENTS SUBMITTED IN ACCORDANCE WITH SECTION 24 (a) OF THE EXCHEQUER AND AUDIT ACT, CHAPTER 69:01

(i) The Exchequer Account

29. The Exchequer Bank Account at the Central Bank of Trinidad and Tobago showed a deficit of $51,939,835,864.83 at September 30, 2025. This amount was reconciled with the records of the Treasury Division.

(ii) The Statement of Loans from General Revenue

30. At the end of the financial year 2025, the Statement of Loans from General Revenue reflects an outstanding balance of $881,191,861.73. The year-end under review showed that $76,296,207.76 was repaid/written off.

(iii) The Statement of Revenue

31. Total Revenue earned in the financial year under review was $60,059,626,425.33. This reflects a decrease of $4,782,606,506.42 compared to the total revenue earned in the previous financial year. This decrease in revenue was primarily due to a 5.5 Bn decline in Financing.

32. The Estimates of Revenue are classified into five (5) categories, namely: Tax Revenue, Non-Tax Revenue, Capital Receipts, Financing, and Extraordinary Receipts. An analysis of revenue for the last five financial years is shown below:

TABLE 1

SECTION 2

TREASURY STATEMENTS

2025

STATEMENTS OF PUBLIC DEBT

AS AT SEPTEMBER 30, 2025

METHODOLOGY

Methodology for aggregating data

Using both the Commonwealth Secretariat Debt Recording Management System (CSDRMS) and the Commonwealth Meridian System, the Ministry of Finance compiles data relevant with loan details and provides aggregated reports on the external debt of the Central Government.

Future debt service payments

Projections on future debt service payments are performed based on the repayment terms of each loan (the start and end payment dates, periodicity, conversion factor, the year and month base for interest calculation, etcetera).

Projections on future payment of principal and interest are calculated based on the amount of loan commitment. If during the life of the loan, there is/are amendment(s) to the amount of loan commitment, the future payments of principal and interest are recalculated based on the amount of the latest amended commitment/face value.

Similarly, projections of regular future commitment fees are calculated based on the undisbursed amount of the loan. Other fees are recorded following terms/related clauses in the loan/contract agreement.

Projections on future payments based on debt outstanding, on the other hand, are done without taking into consideration undisbursed portions of the loan so that the future payment of principal will reflect only portions of the debt that have been disbursed and unpaid.

SOURCES

Debt data

The principal sources of information for the tables are the records of the Central Government and Contingent Liabilities administered by the Ministry of Finance.

Reference data

The reference data or common information required in administering the debt data and/or transactions are composed of:

a. Exchange rates;
b. Common interest rates/variable interest rates, such as Libor.

The exchange rates applied for converting daily transactions (disbursement and debt services) and/or stock and projected flow figures are obtained from the Central Bank of Trinidad and Tobago for budget purposes.

ANALYSIS OF THE PUBLIC DEBT

"Analysis of the Public Debt" is a summary status on the public debt, which provides a broader view of the debt portfolio. It deals with the volume of the public debt and its breakdown and variations in stocks and flows between two points in time. It gives an analytical description of some of the debt variables and mainly examines the changes in the debt portfolio in fiscal year 2025 vis-à-vis the preceding fiscal year.

STATEMENT OF PUBLIC DEBT

2. The Public Debt comprises balances of long-term loans and credit instruments raised on the domestic and foreign markets. The Public Debt recorded at September 30, 2025 was $117,458,301,703.85.

Table I

	2024	2025
Head 19: Local Loans	73,739,462,707.71	81,151,833,606.94
Head 19: External Loans	33,369,007,370.77	33,595,399,568.81
Head 18: Ministry of Finance	3,028,842,859.69	2,711,068,528.10
	110,137,312,938.17	117,458,301,703.85

There was an overall increase of $7,320,988,765.68 or 6.65% from September 2024 to September 2025.

DOMESTIC DEBT

Local Loans - $ 81,151,833,606.94

3. There are three (3) borrowing instruments from domestic sources. They are Treasury Bills, Treasury Notes, and Government Loans raised by Bonds. The Bonds are long-term instruments whilst the Treasury Notes are medium term which span a period between 3-5 years. The Treasury Bills are short-term borrowing instruments with three different maturities: 91 days, 182 days and 365 days.

4. The Domestic Debt (Local Loans) in 2025 was $81,151,833,606.94. This figure when compared to 2024 reflected an increase of $7,412,370,899.23 or 10.05%. This was mainly due to the issue of eleven (11) new loan agreements of the Government of the Republic of Trinidad and Tobago (GoRTT), Bonds and Treasury Bills which were issued during the financial year.

5. Movements in Local Loans for the financial year ended September 30, 2025 are as follows:

Composition of Domestic Debt by Instruments

Balance as at October 01, 2024	73,739,462,707.71

DEFINITIONS

Arrears

Amounts that are past due for payment and unpaid. Arrears can arise both through the late payment of principal and interest on debt instruments as well as through late payment for other instrument transactions.

Bilateral (Creditor type)

Financing whose source is a foreign government or its agencies (including Central Banks), an autonomous public body or an official export credit agency.

Bilateral debt

Loans extended by a bilateral creditor

Bilateral Loans

Loans from Governments and their agencies (including Central Banks), Loans from autonomous bodies and direct loans from official export credit agencies

Bond Holders

These are holders of bonds and other securities, including those held at commercial banks and other financial institutions

Cancellations

A decrease of the undisbursed amount and the loan commitment

Capitalization

See “Capitalized Interest”.

Capitalized Interest

Capitalized interest is the conversion of accrued interest cost of future interest payments, by a contractual arrangement with the creditor, into a new debt instrument or the principal amount. The most common form of capitalization is the reinvestment of interest cost into the principal amount, either because of an explicit agreement regarding the specific debt instrument or as part of a rescheduling agreement. Frequently, as part of a reschedule during the consolidation period is converted, through an agreement made with the creditor, into principal.

Commitment

Generally, a firm’s obligations to lend, guarantee, or insure resource of a specific amount under specific financial terms and conditions.

Concessional Loans

Loans that are extended on terms substantially more generous that market loans. The concessionality is achieved either through interest rates below those available on the market or by grace periods, or a combination of these. Concessional loans typically have long grace periods.

Creditor Country

The country in which the creditor resides

Debt Conversion

The exchange of debt for a non-debt liability, such as equity, or for counterpart funds, such as can be used to finance a particular project or policy.

Debt Outstanding (and Disbursed)

The amount disbursed but has not yet been repaid of forgiven.

Debt Service

Payments in respect of principal, interest and fees. Actual debt service is the set of payments actually made to satisfy a debt obligation, including principal, interest and any late payment fees. Scheduled debt service is the set of payments, including principal, interest and fees that are required to be made through the life of the debt.

Disbursement/Drawing

The transactions of providing financial resources. The two counter parties must record the transactions simultaneously. In practice, disbursements are recorded at one of several stages: provision of goods and services (where trade credit is involved); placing of funds at the disposal of the recipient in an earmarked fund or account; withdrawal of funds by the recipient from an earmarked fund or account; or borrower. The term “utilized” may apply when the credit extended is in a form other than currency. Disbursements should be recorded gross-the actual amount disbursed.

Euro

The EURO is the European currency launched on January 1999. Consequently, the countries participating in the Monetary Union are no longer quoted on the foreign exchange markets.

EURO LIBOR

The EURO LIBOR is calculated by the British Banker’s Association as an unweighted average of the money markets for the euro provided by the panel of banks.

External Debt

Gross external debt, at any given time, is the outstanding amount of those actual current, and not contingent liabilities, that require payment(s) of interest and /or principal by the debtor at some point(s) in the future and that are owed to nonresidents of an economy.

Fee

A payment for a service, for instance commitment fee, agent fee, management fee. The term fee is interchangeable with commission.

Fixed Rate Debt

Debt instruments, where interest costs are not linked to any reference index.

Floating Rate Debt

See “Variable-rate debt”

General Government

General government consists of:

a. Government units that exist at each level – Central, State, or Local – of Government within the national economy;

b. All social security funds operated at each level of government;

c. All non-market nonprofit institutions that are controlled and mainly financed by government units. Public corporations and unincorporated enterprises that function as if they were corporations (so-called quasi-corporations) are explicitly excluded from the general government sector, and are allocated to the financial or non-financial corporate sectors, as appropriate.

Government Guaranteed external debt

External obligation of a debtor that is guaranteed for repayment by the government or agency acting on behalf of the government.

Interest

For the use of principal, interest can, and usually does, accrue on the principal amount, resulting in an interest cost for the debtor. When this cost is paid periodically, as commonly occurs, it is known as an interest payment. Interest can be calculated either using a fixed-interest rate or a variable-interest rate basis. In contrast to a fixed interest rate, which remains unchanged over a period of years, a variable-interest rate is linked to a reference index e.g. Libor, or the price of a specific financial instrument that normally changes over time in continuous manner in response to market pressures.

Late Interest

Compensation (penalty) one party has to pay to another party in the event of the first party failing to meet its obligations, or some of its obligations, under the terms of a commercial contract.

Long-Term External Debt

External debt that has a maturity of more than one year.

Multilateral Creditors

These creditors are multilateral institutions such as the IMF and the World Bank, as well as other multilateral development banks.

Multilateral (Creditor Type)

Financing, whose source is the World Bank Group, regional development banks or other multilateral and intergovernmental agencies.

Revenue

Increase in net worth resulting from a transaction. For general government units, there are four main sources of revenue: taxes and other compulsory transfers imposed by government units, property income derived from the ownership of assets, sale of goods and services and voluntary transfers received from other units.

Public Debt

An external obligation of a public debtor, including the national government, a political subdivision (or an agency of either) and autonomous public bodies publicly guaranteed debt, which is an external obligation of a private debtor that is guaranteed for repayment by a public entity and private.

Total Debt

Total debt stocks of public and publicly guaranteed long-term debt, private non-guaranteed long-term debt, the use of IMF credit and short-term debt, all disbursed and outstanding at year-end.

Note:

BOLT - Build, Operate, Lease and Transfer, as the acronym implies, is an arrangement whereby Financial Institutions finance the construction of buildings or purchase furniture and equipment required on behalf of the Government.

These Financial Institutions enter into lease arrangements with the respective Ministries/Departments and are paid lease rentals and other fees for the management and maintenance of the buildings etc. while occupied/used by the lessees.
At the end of the lease agreements, ownership is then transferred to the Government.

13. BALANCES ON LOANS ASSUMED BY THE GOVERNMENT OF TRINIDAD AND TOBAGO

There are no balances outstanding in respect of Loans Assumed by the Government of Trinidad and Tobago as at September 30, 2025, in respect of Companies in which the Government has/had a shareholding. The details are reflected in the Statement of Accounts.

14. LOANS FROM LONG-TERM DEVELOPMENT

By Legal Notice 90 dated April 27, 1989, the Long Term Development Fund, Caribbean Integration Fund, and the Sport, Culture and Community Development Fund were deleted from the First Schedule of the Exchequer and Audit Act, Chapter 69:01. A write-off of the balance outstanding will be sought.

15. PRODUCTION SHARING CONTRACTS

Under the Production Sharing Contracts, the Government of the Republic of Trinidad and Tobago is entitled to a share of the production of natural gas and crude oil from the contractors' operations. The money received is placed in the Deposit Account Head 111/570 (Production Sharing Contract). From this share of production, the Minister of Energy and Energy Industries is responsible for meeting the respective Contractor's tax and similar financial obligations to the Government. Total Payments made to the Board of Inland Revenue in respect of the financial year 2025 is *$4,234,436,831.00*. Revenue collection increased by 6.89% compared to receipts collected in the financial year 2024. Details of payments made in the financial year 2025 are shown below:-

DATE	AMOUNT

September-2025	658,688,782.00
TOTAL	**$ 4,234,436,831.00**

16. PETROLEUM SUBSIDY PAID TO CONTRACTORS

In accordance with Sub-Section (2) of Section 5 of the Petroleum Production Levy and Subsidy Act 1974, Chapter 62:02, advances of *$282,207,747.96* were made in the financial year 2025 from the Petroleum Products and Subsidy Fund, for the purpose of subsidizing the prices at which Petroleum Products are sold by persons carrying on marketing businesses.

17. ACCIDENTS VICTIMS COMPENSATION FUND

In the 2008 Budget Statement, the Prime Minister and the Minister of Finance proposed to use the proceeds of the Insurance Premium Tax to establish an Accident Victims Compensation Fund to compensate victims of accidents caused by uninsured drivers.

18. There were no deposits or withdrawals for the financial year 2025.

19. HERITAGE AND STABILISATION FUND

The Heritage and Stabilisation Fund (HSF) was established by Act No. 6 of 2007, which was assented to on March 15, 2007. This Fund is denominated in the currency of the United States of America. The purpose of the Fund is to save and invest surplus petroleum revenues derived from the production business to cushion the impact on, or sustain, public expenditure capacity, and to generate an alternate stream of income to support public expenditure capacity during periods of revenue downturn and to provide a heritage for future generations.

20. As at September 30, 2025, the balance in the HSF stood at USD *$6,335,700,561.45* (approximately *TT$42,918,035,603.26*. Withdrawals amounted to *USD $410,775,702.50,* equivalent to *TT$2,782,594,608.74* for the financial year 2025. There were no deposits for the 2025 financial year.

21. CONTINGENCIES FUND

The Exchequer and Audit Act, Chapter 69:01 Part IV, Section 16 provides for the establishment of a Contingencies Fund not exceeding in aggregate *$1.5 million* or such greater sum as Parliament may by resolution approve. The Contingencies Fund now stands at *$100 million*. Over the years, the Fund has increased, with the most recent increase being *$75 million*. Legal Notice No. 203 of 2006 is relevant.

22. The purpose of the Fund is to defray unforeseen expenditure which has not been provided for by the Appropriation Act relating to that year and where the circumstances are such that the expenditure cannot, without injury to the public interest, be postponed until adequate provision is made by Parliament. Supplementary funding must be provided in the same financial year to clear all expenditure incurred in respect of advances from the Contingencies Fund.

23. There were no Advances from the Contingencies Fund for the financial year 2025.

STATEMENT OF COMPARISON OF BUDGET AND ACTUAL REVENUE AND EXPENDITURE

FOR THE FINANCIAL YEAR ENDED SEPTEMBER 30, 2025

ANALYSIS OF THE STATEMENT OF COMPARISON OF BUDGETED AND ACTUAL REVENUE AND EXPENDITURE FOR THE FINANCIAL YEAR ENDED SEPTEMBER 30, 2025

The Minister of Finance on behalf of the Government of the Republic of Trinidad and Tobago presented the Budget Statement for the financial year 2025 on September 30, 2024. The Budget Statement entitled **"Steadfast and Resolute: Forging Pathways to Prosperity"** reflected the financial characteristics of the Government's plans for the financial year 2025.

2. The Statement of Comparison of Budgeted and Actual Revenue and Expenditure for the financial year 2025 details the actual revenue earned and expenditure incurred by Ministries/Departments and the final amounts allocated for in the budget, together with variances. Presentation in the Public Accounts of the final budgeted amounts and actual amounts on a comparable basis with the budget will complete the accountability cycle by enabling users of the Public Accounts to identify whether resources were obtained and used in accordance with the approved budget.

3. The original budget detailed the projected revenues expected to be realised within the annual budget period, based on current plans and the anticipated economic conditions and expenditure approved by Parliament. It includes the appropriated amounts that were presented by the Minister of Finance in the Budget Statement. However supplemental appropriations were necessary where the original budget did not adequately meet expenditure requirements arising from fluctuations in the economy.

4. The Statement of Comparison has two components: Revenue and Expenditure, which has been further classified into categories.

5. Based on a projected oil price, the total revenue collection expected in financial year 2025 was **$65,506,659,481.00** and total expenditure projected was **$63,530,583,090.00.**

6. Actual revenue collected for financial year 2025 was **$60,059,626,425.33** Actual expenditure for financial year 2025 was **$65,451,023,477.76.**

7. The total expenditure did not exceed the total revised allocation.
